(1) If the abandoned and abolished county has entered into a printing contract in accordance with the provisions of part 24 of chapter 5 and the contract is in full force and effect on the date when the county ceases to exist, the purchase of all supplies and printing for the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is attached shall be divided by the board of county commissioners of the continuing county between the contract of the abandoned county and any similar existing contract entered into by the board of the continuing county in such manner as the board considers equitable and just to the holders of both contracts until the expiration of the contract entered into by the abandoned and abolished county.

(2) When a petition is filed with the election administrator of a county for the abandonment and abolishment of the county in accordance with the provisions of 7-2-2702 and 7-2-2703, the board of county commissioners of the county may not thereafter enter into any contract under the provisions of part 24 of chapter 5 until the time has expired when the petition may be presented to the board by the county clerk as provided in 7-2-2702 and 7-2-2703.

History: En. Sec. 14, Ch. 105, L. 1937; R.C.M. 1947, 16-4014(part); amd. Sec. 15, Ch. 250, L. 1979; amd. Sec. 288, Ch. 571, L. 1979.

7-2-2727. Effect of abandonment on school and special districts. (1) All school districts and other special districts of an abandoned and abolished county shall continue as and be such school districts and special districts of the county to which such territory is attached and becomes a part. The members of the boards of trustees or directors of such school districts or other special districts shall continue to be the trustees and directors thereof until the terms of office for which they were elected or appointed shall expire. If any of such school districts shall bear the same numbers as school districts of the county to which the territory within the boundaries of such abandoned and abolished county is attached and made a part, the county superintendent shall either renumber the school districts of said abandoned and abolished county or shall give them such designation in addition to their numbers as will distinguish them from the districts in the county to which such territory is attached and made a part. If the territory of any school district shall be divided and parts attached to two or more counties, such school district shall be a joint school district of such counties.

(2) All funds of all school districts and of all other special districts of an abandoned and abolished county shall be transferred to and paid over to the county treasurer of the county to which the territory of such school district is attached and becomes a part and shall be accounted for by said county treasurer as the funds of such districts. If a joint school district is created, the state superintendent of public instruction shall designate the county treasurer to whom such funds are to be transferred and paid over. All taxes levied for all school funds and funds of other special districts of such abandoned and abolished county remaining unpaid at the time said county ceased to exist and all other money which would have accrued to such funds if said county had not been abandoned and abolished, when received by such county treasurer, shall be deposited to the credit of the proper school or special district funds.

7-2-2728. Effect of abandonment on county high schools. (1) If a county high school shall have been established in any abandoned and abolished county when such county ceases to exist, such county high school shall become the high school of the district in which it is situated or located and all property, both real and personal, owned by such county or acquired for and used in connection with the maintenance and operation of such county high school shall become and be the property of such school district to be used by such school district for the maintenance and operation of such district high school. All lawful existing contracts of such county high school shall be assumed by and become the contracts of such school district. The terms of office of all trustees of such county high school shall cease and terminate at the time the existence of said abandoned and abolished county shall cease and terminate.

(2) All money in all county high school funds shall be transferred and paid over to the treasurer of the county to which the territory in which the school district succeeding to the property of the county high school is attached and made a part and used and applied as follows:

(a) Any money in any bond sinking and interest funds shall be used for the payment and interest on any unpaid and outstanding high school bonds.

(b) (i) If there shall be outstanding any high school warrants at the time such county high school ceases to exist, then all money in such county high school funds, except sinking and interest funds, shall be used for the payment of such warrants, with interest thereon.

(ii) If such money is insufficient to pay all outstanding warrants, with the interest thereon, then such warrant indebtedness shall be assumed by and become warrant indebtedness of such school district.

(c) If there be no such high school warrants outstanding, then the money in such funds shall be transferred to the high school fund of the school district which, under the provisions of this part, is to maintain such high school as a district high school.

(3) (a) All taxes levied for any sinking and interest fund for county high school bonds and remaining unpaid at the time the abandoned and abolished county ceases to exist, when collected, shall be deposited to the credit of such fund.

(b) All taxes levied for high school purposes and remaining unpaid when such county ceases to exist and all other money which would have gone to such high school if the county had not been abandoned and abolished, when collected, shall be deposited to the proper high school funds of the district in the county to which the territory of the abandoned and abolished county has been attached and made a part.

History: En. Sec. 23, Ch. 105, L. 1937; R.C.M. 1947, 16-4023.

7-2-2729. Tax liability of property within abandoned county for debts of continuing county. (1) Whenever a county is abandoned and abolished and its territory is attached to and made a part of an adjoining county under the provisions of this part, none of the property situated within the boundaries of such abandoned and abolished county shall be subjected to taxation or taxed for the payment of any indebtedness of such adjoining county which may exist at the time such territory is attached to and made a part of such adjoining county.

(2) If an adjoining county to which the territory of an abandoned and abolished county is attached and made a part shall have outstanding and unpaid bonds at the time such territory is attached to and made a part of such county, such bonds shall be the indebtedness of such adjoining county. None of the property situated within the territory of the abandoned county shall be subjected to any taxes to pay the principal or interest of such bonds, but such taxes shall be levied only against the property within the boundaries of such adjoining county as the same existed before the territory of the abandoned and abolished county was attached to and made a part thereof.

History: **En. Sec. 18, Ch. 105, L. 1937; R.C.M. 1947, 16-4018(part).**

7-2-2730. Establishment of special warrant district or special funding bond district in continuing county. (1) After all warrants have been drawn and issued against the funds of such adjoining county to pay the claims and demands existing against such county on the date when the territory of such abandoned and abolished county was attached to such adjoining county, all money in the funds of such adjoining county shall be used and applied in payment of the warrants drawn against its respective funds. If such money is not sufficient to pay all of such warrants, with the interest thereon, then the board of county commissioners shall make an order creating a special warrant district and shall include within such district all of the territory of such adjoining county but shall not include therein any of the territory of such abandoned and abolished county and shall, thereafter and at the time of making levies for county purposes, levy a special tax against all taxable property in such district to pay the warrants, with interest thereon, outstanding against the funds of said county. The board may in its discretion extend such tax levy over a period of not to exceed 3 years.

(2) (a) If it shall appear to the board that it will require too large a tax levy to pay such warrant indebtedness, with interest thereon, within 3 years, such board, instead of creating a special warrant district, shall create and establish a special funding bond district and shall include within the boundaries thereof all of the territory within such adjoining county but shall not include therein any of the territory of the abandoned and abolished county attached to such adjoining county. After all money in the several funds of said county applicable thereto has been applied in payment of such outstanding warrants and interest thereon and without submitting the question of doing so to an election, such board may issue bonds in an amount sufficient to pay and redeem all such warrants remaining outstanding, with interest thereon.

(b) Such bonds shall be issued in the name of said adjoining county and shall contain recitals to the effect that the principal and interest thereof will be paid by millage tax levies against the property situated within the boundaries of said county as the same existed before the territory of such abandoned and abolished county was attached thereto and that none of the property within the territory of such abandoned and abolished county will be subjected to such levies. Except as otherwise provided herein, said bonds shall be issued and sold and tax levies shall be fixed and made to pay the principal and interest thereof as the same becomes due in the manner provided by 7-7-107, 7-7-108, 7-7-123, 7-7-124, 7-7-2104, 7-7-2106, and parts 22 and 23 of chapter 7 and all the provisions thereof, so far as applicable thereto, shall apply to such bonds.

7-2-2741. Processing of claims against abandoned county. (1) All claims and demands against any abandoned and abolished county for salaries, services, wages, materials, and supplies; for all other current expenses; and for claims and demands accruing under contracts and for which said county was liable at the time it ceased to exist and which had not been approved and warrants issued therefor prior to the time it ceased to exist shall be presented to the board of county commissioners of the county designated in the petition for abandonment as the county to which its territory is attached and made a part. Except as provided in subsection (2), all such claims and demands shall be acted on by the board of such county, and warrants shall be issued in payment thereof in the same manner as though the same had been incurred by such county.

(2) All such warrants shall be drawn and issued against the proper funds of such abandoned and abolished county. No such claim or demand shall be approved or warrant issued in payment thereof if the amount of such claim or demand exceeds the unexpended balance of appropriation for such purpose contained in the budget of the abandoned and abolished county for the year in which the same was incurred.

History: En. Sec. 15, Ch. 105, L. 1937; R.C.M. 1947, 16-4015.

7-2-2742. Transfer and use of funds of abandoned county. (1) All money in each of the funds of an abandoned and abolished county shall be transferred to and paid over by the treasurer thereof to the treasurer of the county designated in the petition for abandonment as the county to which its territory is to be attached and become a part and shall be kept and maintained by such treasurer in separate funds in the name of such abandoned and abolished county and, except as provided in subsection (2), used and applied for paying warrants issued against such funds by the abandoned and abolished county prior to the time it ceased to exist and for paying warrants issued against such fund by the board of county commissioners of the county to which it is attached and becomes a part under the provisions of 7-2-2724 and 7-2-2741 and the interest on such warrants.

(2) Money in any bond sinking and interest funds of such abandoned and abolished county shall be used and applied for the sole purpose of paying the interest and principal becoming due on unpaid and outstanding bonds of such county.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).

Taxes levied for all such funds which were delinquent on the day when such county ceased to exist and for which tax sales had not been held and all licenses and other money owing to such county at such time shall be collected by the treasurer of the county designated in the petition for abandonment as the county to which its territory is to be attached and become a part and placed in and deposited to the credit of the funds of such abandoned and abolished county to which the same properly belong.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).

(1) When all warrants issued and outstanding against any fund of an abandoned and abolished county, with the interest thereon, have been fully paid, any balance standing to the credit of such fund shall be transferred to any other fund or funds of such county in which there is not sufficient money to pay the warrants issued and outstanding against the same, with interest thereon.

(2) If, after payment of all warrants issued against all such funds, balances remain in any thereof, the same shall be transferred to and become a part of the bond sinking and interest funds of such abandoned county.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).

7-2-2745. Procedure if insufficient funds — special warrant district or special funding bond district. (1) After all warrants have been drawn and issued against the funds of an abandoned and abolished county under the provisions of 7-2-2724 and 7-2-2741, if it shall appear to the satisfaction of the board of county commissioners of the county designated in the petition for abandonment as the county to which the territory of the abandoned and abolished county is to be attached and made a part that the money in the several funds of such abandoned and abolished county, together with all money which may be received for such funds from the payment and collection of delinquent taxes, unpaid licenses, and other sources owing to such abandoned and abolished county, will be insufficient to pay all outstanding and unpaid warrants issued and drawn against such funds, then the board of such county shall make an order creating a special warrant district and shall include within such district all of the territory embraced within the boundaries of the abandoned and abolished county at the time it ceased to exist.

(2) If it shall appear to the satisfaction of the board that a tax levy sufficient to pay such warrants and interest, when spread over a term of 3 years, will be too great a hardship on and too burdensome to the taxpayers owning property within the boundaries of such abandoned and abolished county, said board, instead of creating such special warrant district, shall create and establish a special funding bond district and shall include within the boundaries thereof all of the territory embraced within the boundaries of such abandoned and abolished district at the time it ceased to exist.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).

7-2-2746. Details relating to special warrant district. (1) The board of county commissioners creating a special warrant district shall, thereafter and at the time of making and fixing tax levies for county purposes, make and fix a levy against all taxable property within such special warrant district for the payment of said warrants and the interest thereon. The proceeds of such levy, when collected, shall be deposited by the county treasurer in a separate fund which shall be used for the payment of said warrants and interest and for no other purpose.

(2) Said tax levy need not be made at such a rate as will pay all of said warrants, with interest, in 1 year, but if said board shall deem it for the best interests of the taxpayers owning property within such special warrant district, such levy may be spread over a term of not more than 3 years.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).

The board of trustees shall adopt an appropriate seal for such district.

(2) (a) After such district has been created and established, the board of trustees shall direct the county treasurer to use and apply all money in the several funds of the abandoned and abolished county, except money in any bond sinking and interest funds, to the payment of warrants issued and outstanding against such funds, with the interest thereon. Said board of trustees shall thereupon issue and sell bonds of such special funding bond district in an amount sufficient to pay all warrants against such funds remaining outstanding and unpaid, with the interest thereon. The proceeds derived from the sale of such bonds shall be used for such purpose and no other.

(b) All taxes levied for the payment of the principal and interest of such bonds, all taxes levied by the abandoned and abolished county for all of its funds (except bond sinking and interest funds) delinquent at the time such county ceased to exist, and all money owing to such abandoned and abolished county from all other sources shall be, when collected, paid into a special sinking and interest fund and used for the purpose of paying the principal and interest of such bonds and for no other purpose.

Such bonds shall be issued in the name of such district and shall be signed by the trustees. The clerk shall attest the same and affix the seal of the district thereof, and they shall be registered in the office of the county treasurer, who shall certify such registration on such bonds. Except as otherwise provided herein and insofar as the same are not in conflict herewith, all of the provisions of 7-7-107, 7-7-108, 7-7-123, 7-7-124, 7-7-2104, 7-7-2106, and parts 22 and 23 of chapter 7 shall apply to, govern, and control the issuance, sale, and payment of such bonds, with the interest thereon, and the levying of taxes for such purposes.

(2) There shall be inserted and made a part of each such bond statements setting forth the purpose for which the same is issued and that said bonds do not incur, create, or constitute any indebtedness or obligation whatever on the part of the county of (naming the county whose board of county commissioners, acting as such trustees, are issuing such bonds) but that the principal and interest thereof will be paid by special millage taxes levied against all of the taxable property situated within the boundaries of such special funding bond district.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part); amd. Sec. 6, Ch. 370, L. 1987.

7-2-2749. Payment of outstanding bonds of abandoned county. (1) If any abandoned and abolished county shall have any bonds outstanding and unpaid at the time it ceases to exist, the territory within the boundaries of such county as they existed when such county so ceased to exist shall constitute a special district for the payment thereof. The board of county commissioners of the county designated in the petition for abandonment as the county to which the territory of such county is to be attached and made a part shall annually levy a tax against all taxable property in such taxing district sufficient to pay the interest and principal of such bonds as the same become due, and all of the provisions of 7-7-107, 7-7-108, 7-7-123, 7-7-124, 7-7-2104, 7-7-2106, and parts 22 and 23 of chapter 7 shall apply to, govern, and control the levying and collection of such taxes and the payment of interest and principal thereof by the boards and officers of the county within which such district is situated.

(2) Any and all money in any bond sinking and interest funds of such abandoned and abolished county, when transmitted and paid over to the treasurer of the county to which the territory of such abandoned and abolished county has been attached, shall be credited to and deposited in a sinking and interest fund. History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part); amd. Sec. 7, Ch. 370, L. 1987.

(2) (a) The county clerk of each such other county shall compute and extend the taxes against the property within the portion of the abandoned county which has been attached to his county, and the treasurer of such county shall collect the same at the same time and in the same manner that other taxes are collected by said county treasurer.

(b) Each such treasurer shall, at least twice each year, once during the second week in December and once during the second week in June, transmit the amount of all such taxes paid to and collected by him and then in his hands as county treasurer to the treasurer of the county in which the board made such tax levy.

History: En. Sec. 16, Ch. 105, L. 1937; R.C.M. 1947, 16-4016(part).

7-2-2751. Disposition of money of abandoned district. If, after all warrants issued and drawn by an abandoned and abolished district during its existence against its several funds and all warrants drawn and issued against said funds under the provisions of 7-2-2724 and 7-2-2741 have been fully paid, with the interest thereon:

(1) any balance remains in such funds, such balance, with any and all money thereafter accruing to any of such funds from the collection of delinquent taxes, unpaid licenses, and from other sources shall be deposited:

7-2-2753. Assessment of property in abandoned county. (1) The county assessor of a county abandoned and abolished under the provisions of this part shall, within 10 days after it ceases to exist, deliver to the county assessor of each county to which any part of its territory has been attached all assessment lists, reports, documents, and instruments relating to, concerning, or in any way affecting the assessment during the then-current assessment year of all taxable property within such portion of the abandoned and abolished county. The county assessor of the abandoned and abolished county shall, until midnight of June 30 of the year when the county ceases to exist, aid and assist the county assessors of the counties to which any part of the territory to be abandoned and abolished will be attached in the listing and assessing of all taxable property situated or located within each of such counties, to the end that all taxable property within the boundaries of the abandoned county will be fully assessed and taxed.

(2) It is the duty of the assessor of the county to whom such assessment lists, reports, documents, and instruments have been delivered by the assessor of the abandoned and abolished county to complete all assessments and

to fully assess, during the then-current assessment year, all taxable property situated or located on January 1 of such year within the boundaries of such part of the abandoned and abolished county. Each such county assessor shall, in all matters and things connected in any way with the making of such assessments, have, possess, and exercise all of the powers and rights and shall perform all of the duties which the assessor of the abandoned and abolished county would or could have had, possessed, exercised, or performed if the county had not been abandoned and abolished.

Part 47

Annexation With the Provision of Services

7-2-4701. Short title. This part shall be entitled "The Planned Community Development Act of 1973".

History: En. 11-514 by Sec. 1, Ch. 364, L. 1974; R.C.M. 1947, 11-514.

7-2-4702. Findings. (1) It is declared as a matter of state policy that current annexation laws and planning methods incorporated in the Montana system are in many cases discriminatory and are in many of the Montana cities causing indiscriminate growth patterns and in many cases forcing citizens of municipalities to be annexed without provision for adequate city services extended and provided for them.

(2) Likewise, in many cities city government is annexing and adding to cities not to the benefit of those being annexed, but to the benefit of the city, merely to derive a greater tax base.

(3) Likewise, in many cities there are those lying on the perimeter of the city not within the corporate boundaries of a city that are deriving many benefits from the city without paying their just and equal share for these services.

History: En. 11-515 by Sec. 2, Ch. 364, L. 1974; R.C.M. 1947, 11-515(part).

7-2-4703. Purpose. It is the purpose of this part to develop a just and equitable system of adding to and increasing city boundaries for the state of Montana, which will develop the following firm policies:

(1) Sound urban development is essential to the continued economic development of this state, and any annexation prepared must be well planned in advance.

(2) Municipalities are created to provide the governmental services essential for sound urban development and for the protection of health, safety, and welfare in areas being intensively used for residential, commercial, industrial, institutional, and governmental purposes or in areas undergoing such development, and future annexations must consider these principles.

(3) Municipal boundaries should be extended in accordance with legislative standards applicable throughout the state to include such areas and to provide the high quality of governmental services needed for the public health, safety, and welfare.

(4) Areas annexed to municipalities in accordance with such uniform legislative standards should receive the services provided by the annexing municipality as soon as possible following annexation.

History: En. 11-515 by Sec. 2, Ch. 364, L. 1974; R.C.M. 1947, 11-515(part).

7-2-4704. Definitions. The following terms where used in this part have the following meanings except where the context clearly indicates a different meaning:

(1) "Contiguous" means any area which, at the time annexation procedures are initiated, either abuts directly on the municipal boundary or is separated from the municipal boundary by a street or street right-of-way, a creek or river, the right-of-way of a railroad or other public service corporation, lands owned by the city or some other political subdivision, or lands owned by the state.

(2) "Municipality" means any city or town under Montana law.

(3) "Resident freeholder" means a person who maintains his residence on real property in which he holds an estate of life or inheritance or of which he is the purchaser of such an estate under a contract for deed, some memorandum of which has been filed in the office of the county clerk and recorder.

History: En. 11-516 by Sec. 3, Ch. 364, L. 1974; R.C.M. 1947, 11-516.

7-2-4705. Annexation by municipalities providing services. (1) The governing body of any municipality may extend the corporate limits of such municipality under the procedure set forth in this part upon the initiation of the procedure by the governing body itself.

(2) Whenever the resident freeholders situated outside the corporate boundaries of any municipality, but contiguous thereto, desire to have real estate annexed to the municipality, they may file with the governing body of the municipality a petition bearing the signatures of 51% of the resident freeholders in the territory sought to be annexed, requesting a resolution stating the intent of the municipality to consider annexation. Upon passage of the resolution, the governing body shall follow the procedure in 7-2-4707 through 7-2-4713 and 7-2-4731(2).

The director of finance shall issue no warrant for the payment of a claim unless the claim is evidenced by a voucher approved by the head of the department or office for which the indebtedness was incurred, and each such officer and his surety shall be liable to the municipality for all loss or damage sustained by reason of his negligent or corrupt approval of any claim.

(2) The director of finance shall examine all payrolls, bills, and other claims and demands against the municipality and shall issue no warrant for payment unless he finds that the claim is in proper form, correctly computed, and duly approved; that it is legally due and payable; and that an appropriation has been made therefor which has not been exhausted. He may investigate any claimant and for that purpose may summon before him any officer, agent, or employee of the municipality or any claimant or other person and examine him upon oath or affirmation relative thereto. If he finds a claim to

7-3-1315. Certification of certain obligations by finance director. (1) No contract, agreement, or other obligation, other than contracts pertaining to work or improvements to be paid for by special assessments, involving the expenditure of any funds shall be entered into nor shall any order for such expenditures be valid unless the director of finance shall first certify to the commission that the object or purpose for which such expenditure is to be made and the amount thereof is provided for by an appropriation in the annual budget or in a supplemental budget and that the same has not been expended. The certificate of the director of finance shall be filed and made a matter of record in his office, and the appropriation for such purpose shall thereafter be considered as having been set aside and expended to the amount of such contract, agreement, or obligation.

(2) All contracts, agreements, or other obligations entered into, all ordinances and resolutions passed, and all orders adopted contrary to the provisions of subsection (1) shall be void, and no person whatever shall have any claim or demand against the municipality thereunder, nor shall the commission or any officer of the municipality waive or qualify the limitations fixed by subsection (1) or fasten upon the municipality any liability whatever in excess thereof.

(1) Unless a bank designated as a depository shall elect to deposit securities with the treasurer as provided in subsection (2), it shall give good and sufficient bonds, with sureties to be approved by the commission, conditioned for the safekeeping and payment of the municipal funds deposited therewith and the interest thereon. Any such bonds of a depository shall be in the aggregate equal to the amount designated by the commission as the maximum of municipal funds which may at any time be kept by such depository. All surety bonds given by a bank in accordance with the provisions of this subsection shall continue in force so long as funds of the municipality deposited therein shall be unpaid. Nothing provided herein shall impair the rights and remedies of the municipality on such bonds under the laws of the state.

(2) In lieu of the surety bonds specified in subsection (1), any bank designated as a depository of municipal funds may deposit with the treasurer bonds of the class and kind in which, by the provisions of 7-3-1322, the sinking fund of the municipality may be invested. Bonds so deposited shall be in an amount equal to the amount of municipal funds permitted at any time to be deposited with such bank, shall be approved by the commission, and shall be accompanied by proper assignment, to the end that the bank so depositing and assigning such bonds will safely keep and pay over to the treasurer or his order, on demand and free of exchange, all money at any time deposited therein with interest thereon at the rate agreed upon and that in case of default on the part of such bank, the commission shall have power and authority to sell such bonds or so much thereof as may be necessary to realize the full amount of the funds deposited therein. The bank shall be entitled to interest on the securities so deposited with the treasurer, when paid, and to the return of the securities at the termination of such trust so long as the bank is not in default. With the approval of the commission, a bank may at any time substitute other like securities of equal value for those so deposited.

(3) Bonds and other securities given by banks in accordance with this part shall be entered in a record to be kept for that purpose by the director of finance and deposited with the treasurer for safekeeping. The record of such bonds and securities kept by the director of finance or copies thereof certified by that officer shall be competent and prima facie evidence of the contents and tenor thereof.

(a) If the former incumbent represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall submit to the remaining commissioners three names of people who have lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs, and the remaining commissioners shall appoint one of these three to fill the vacancy. Whenever the remaining commissioners are unable to elect an appointee from the submitted list, they shall request a second list of three names from the county central committee. The second list may not contain any of the names submitted on the first list. The remaining commissioners shall then select an appointee from the individuals named on both lists.

(b) If the former incumbent was independent or was originally nominated by a party that does not meet the requirements of 13-10-601 or if the vacancy occurs from a failure to elect, the remaining commissioners shall invite applications for the vacancy in a notice published as provided in 13-1-108 and shall accept an application from any person who has lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these applicants to fill the vacancy.

(3) Whenever a vacancy occurs 75 days or more before the general election held during the second or fourth year of the term, an individual shall be elected to complete the term at that general election. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs 75 days or more before the primary election during the second or fourth year of the term, the same procedure shall be utilized as is used to elect county commissioners to full 6-year terms.

(b) Whenever the vacancy occurs after the 75th day preceding the primary election, any political party desiring to enter a candidate in the general election shall select a candidate as provided in 13-38-204. A political party shall notify the clerk and recorder of the party nominee. A person desiring to be a candidate as an independent shall follow the procedures provided in 13-10-501 and 13-10-502. The petition for an independent candidate shall be filed with the clerk and recorder on or before the 75th day prior to the general election. A candidate for a nonpartisan office shall file as provided in Title 13, chapter 14.

(4) Whenever a vacancy occurs after the 75th day preceding the general election held during the fourth year of the term, the person appointed by the remaining county commissioners under 7-4-2106(2) shall serve until the end of the term.

(2) All other county officers receive salaries.

7-4-2502. Payment of salaries of county officials and assistants. (1) Except as provided in subsection (2), the salaries of the county officers and their assistants may be paid monthly, twice monthly, or every 2 weeks out of the general fund of the county and upon the order of the board of county commissioners.

(2) (a) The salaries of the county attorney and deputy county attorneys authorized by 7-4-2703 are payable monthly, with the salary of the county attorney payable one-half from the general fund of the county and, if the county has supplied the information to the department of justice for inclusion in its budget, the other one-half from the state treasury upon the warrant of the state auditor. If the county has not supplied information concerning any scheduled or proposed increase in salary for the county attorney to the department of justice for inclusion in material submitted to the budget director under Title 17, chapter 7, part 1, the county is responsible for any increased salary.

(b) The county commissioners of each county shall, within 30 days after the election or appointment to fill a vacancy for any cause in the office of county attorney, certify the election or appointment to the department of justice. The department shall notify the state auditor of the salary of the county attorney. The auditor shall draw warrants for the county attorney salaries in the same manner as for state officers. In case of a vacancy, the county commissioners shall immediately notify the department of justice, and the department shall compute the salary due on the basis of the notification.

(3) The board has jurisdiction and power, under such limitations and restrictions as are prescribed by law, to fix the compensation of all county officers not otherwise fixed by law and to provide for the payment of the compensation and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set their salaries at the prior fiscal year level.

7-4-2503. Salary schedule for certain county officers. (1) (a) The salary paid to the county treasurer, county clerk and recorder, clerk of the district court, county assessor, county superintendent of schools, and county sheriff; the county surveyor in counties where county surveyors receive salaries as provided in 7-4-2812; and the county auditor in all counties where the office is authorized, for the fiscal year beginning July 1, 1991, and each year thereafter must be established by the county governing body at no less than 80% of the annual base salary of:

(i) $25,000 for the counties of the first through fifth class added to the population increment of $10 for each 100 persons or major fraction thereof included in the county's population as determined by the 1990 federal decennial census; or

(ii) $18,000 for counties of the sixth and seventh class added to the population increment of $10 per 100 persons or major fraction thereof in the county's population as determined by the 1990 federal decennial census.

(b) The annual base established by the county governing body in subsection (1) must be uniform for all county officers referred to in subsection (1).

(2) (a) An elected county superintendent of schools shall receive, in addition to the salary based upon subsection (1), the sum of $400 per year, except that an elected county superintendent of schools who holds a master of arts degree or a master's degree in education, with an endorsement in school administration, from a unit of the Montana university system or an equivalent institution may, at the discretion of the county commissioners, receive, in addition to the salary based upon subsection (1), up to $2,000 per year.

(b) The county sheriff shall receive, in addition to the salary based upon subsection (1), the sum of $2,000 per year.

(c) The county sheriff shall receive a longevity payment amounting to 1% of the base salary set forth in subsection (1) for each year of service with the sheriff's department, but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases. The additional salary amount provided for in this subsection may not be included in the base salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.

(3) (a) In each county with a population in excess of 30,000, the county attorney must be a full-time official under 7-4-2704, and the salary for the fiscal year beginning July 1, 1991, is $50,000 per year. In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney for the fiscal year beginning July 1, 1991, is the same as that established for full-time county attorneys in subsection (3)(a).

(c) Beginning July 1, 1991, and on July 1 of each succeeding year, each county attorney is entitled to an increase in salary calculated by adding to the annual salary on July 1, 1991, the percentage change in the previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c). The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent fiscal year must be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. Unless restored pursuant to 7-4-2504(2), any cost-of-living increment that would have been received for the fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, but, unless longevity increases are restored pursuant to 7-4-2504(2), the years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases.

(4) For each 10th year after the fiscal year beginning July 1, 1981, the latest federal decennial census statistics are the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year is based on the most current calendar year's estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify.

7-4-2504. Salaries to be fixed by resolution — cost-of-living increments. (1) The county governing body shall by resolution on or before July 1, 1992, and on or before July 1 of each year thereafter adjust and uniformly fix the salaries of the county treasurer, county clerk, county assessor, county school superintendent, county sheriff, and the clerk of the district court; the county auditor (if there is one); and the county surveyor (if the surveyor receives a salary). Except as provided in subsection (3), the salaries fixed may be no less than 80% of the annual base salary provided for in 7-4-2503(1) plus a cost-of-living increment based on the previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. The county governing body may, however, for all or the remainder of each fiscal year, in conjunction with setting salaries for the same action on the salaries of justices of the peace (if applicable), the county governing body, county attorney, and coroner, set the salary at the prior fiscal year level if that level is lower than the level required by this subsection. The cost-of-living increment for the fiscal year beginning July 1, 1992, and for each subsequent fiscal year must be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In such a case, the cost-of-living increment that would have been received for the fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(2) The county governing body may, in any subsequent fiscal year, restore for 1 or more years the annual cost-of-living increments withheld pursuant to subsection (1). If cost-of-living increments are restored, the longevity increases provided for sheriffs in 7-4-2503, for deputy county attorneys in 7-4-2503(3)(d)(i), and for undersheriffs and deputy sheriffs in 7-4-2510 must also be restored for the years for which the cost-of-living increment was restored.

(3) If the application of 7-4-2503 does not qualify a county official for a salary increase, the salary base for the fiscal year beginning July 1, 1991, must be the fiscal year 1990-91 salary plus 100% of the last previous calendar year's consumer price index for all urban consumers, as set forth in subsection (1).

(4) The county governing body shall by resolution, prior to July 1 of each year, establish the salary of the coroner and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in subsection (1), set the salary at the prior fiscal year level. The salary must be in effect upon the first day of each ensuing fiscal year.

(3) The county election administrator shall refer a copy of the sample petition sheet to the attorney for the local government unit. The local government attorney shall review the sample petition for form and compliance with 7-5-131 and 7-5-132 and prepare a concise ballot statement not exceeding 100 words. The ballot statement must be an accurate and impartial explanation of the purpose of the proposed ballot issue in plain, easily understood language. The statement may not be an argument and may not be written so as to create prejudice for or against the issue. Each statement of implication may be no more than 25 words and must be in simple, impartial language that clearly explains the meaning of a vote for or a vote against the issue. Each statement of implication prepared pursuant to this section, unless altered by a court order, is to be used on the petition and the ballot if the issue is placed on the ballot. The statements of implication must be placed beside the diagram provided for marking of the ballot in a manner similar to the following example:

This notice must include the ballot statement and the statements of implication prepared by the local government attorney.

(a) the petition asks that the question be submitted at a special election and is signed by at least 25% of the electors of the local government, in which case the governing body shall call a special election; or

(b) the governing body calls for a special election on the question.

(2) A special election may not be held sooner than 75 days after the adequacy of the petition is determined by the election administrator or the governing body orders a special election.

(3) If the adequacy of the petition is determined by the election administrator less than 75 days prior to the next regular election, the election

shall be delayed until the following regular election unless a special election is called.

In the case of a referendum, the ordinance sought to be repealed shall be published.

If an ordinance is repealed or enacted pursuant to a proposal initiated by the electors of a local government, the governing body may not for 2 years reenact or repeal the ordinance. If during the 2-year period the governing body enacts an ordinance similar to the one repealed pursuant to a referendum of the electors, a suit may be brought to determine whether the new ordinance is a reenactment without material change of the repealed ordinance. (1) If the United States declines to deal with a board with respect to any political subdivision whose jurisdictional limits are within or coextensive with the limits of the county or in the event the jurisdictional limits of a political subdivision lie in more than one county, that subdivision is hereby:

(a) authorized to make request of the United States for payments of such sums in lieu of taxes as the United States may agree to pay; and

7-6-2318. Determination of projected fund cash flow following hearing. (1) Upon the conclusion of the hearing, the board shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources except the taxation of property. In so doing, the board may not include any amount which it is anticipated may be received during the fiscal year from the payment of taxes which became delinquent during a preceding fiscal year.

(2) The board shall then determine separately the amount appropriated for and authorized to be spent for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for each item in the budget and shall specify the fund or funds against which warrants are to be drawn for the expenditures authorized. There may not be added to the amount to be appropriated and authorized to be spent for an item or to the total amount appropriated and authorized to be spent from any fund any amount or percentage because of anticipated loss of revenue by reason of the nonpayment of taxes levied for that fiscal year. The total expenditures

authorized to be made from any fund, including the reserve added to them, may not exceed the aggregate of:

(a) the cash balance in the fund at the close of the preceding fiscal year;

(b) the amount of estimated revenues to accrue to the fund; and

(c) the amount which may be raised for the fund by a lawful tax levy during the fiscal year.

History: En. Sec. 4, Ch. 148, L. 1929; re-en. Sec. 4613.4, R.C.M. 1935; amd. Sec. 1, Ch. 98, L. 1937; amd. Sec. 1, Ch. 220, L. 1963; amd. Sec. 1, Ch. 178, L. 1969; amd. Sec. 1, Ch. 5, 2nd Ex. 7-6-2319. Determination of fund requirements to be met by tax levy. (1) Following the determinations required by 7-6-2318, the board shall determine the amount to be raised by tax levy for each fund by adding the cash balance in the fund at the close of the preceding fiscal year and the amount of the estimated revenues to accrue to the fund during the current fiscal year. It shall then deduct the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the board. The amount remaining is the amount necessary to be raised for the fund by tax levy during the current fiscal year.

(2) The board may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year an additional amount as a reserve to meet expenditures to be made from the fund during the months of July to November of the next fiscal year. The amount which may be so added to any fund as the reserve may not exceed one-third of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount appropriated and authorized to be spent for election expenses and payment of emergency warrants.

(3) The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve and any amount for payment of election expenses and emergency warrants, may not exceed the total amount which may be raised for the fund by a tax levy which does not exceed the maximum levy permitted by law to be made for the fund.

History: En. Sec. 4, Ch. 148, L. 1929; re-en. Sec. 4613.4, R.C.M. 1935; amd. Sec. 1, Ch. 98, L. 1937; amd. Sec. 1, Ch. 220, L. 1963; amd. Sec. 1, Ch. 178, L. 1969; amd. Sec. 1, Ch. 5, 2nd Ex. 7-6-2320. Final budget — approval, adoption, and amendment. (1) The budget as finally determined, in addition to setting out separately each item for which an appropriation or expenditure is authorized and the fund out of which it is to be paid, shall set out:

(a) the total amount appropriated and authorized to be spent from each fund;

(b) the cash balance in the fund at the close of the preceding fiscal year;

(c) the amount estimated to accrue to the fund from sources other than taxation;

(d) the reserve for the next fiscal year; and

(e) the amount necessary to be raised for each fund by tax levy during the current fiscal year.

(2) The board shall then by resolution approve and adopt the budget as finally determined and enter the budget at length in the official minutes of the board.

(3) (a) Subject to compliance with the procedures set forth in subsection (4), the board may approve and adopt a resolution amending a final budget when:

(i) shortfalls in anticipated and budgeted revenues occur that, unless reductions in appropriations are made, will result in expenditures for the year exceeding actual revenues and cash balances available therefor; or

(ii) savings result from unanticipated adjustments in projected expenditures.

(b) Amended appropriations must be classified as:

(i) salaries and wages;

(ii) maintenance and operation;

(iii) capital outlay;

(iv) interest and debt redemption; or

(v) miscellaneous.

(4) Prior to amending a final budget, the board shall:

(a) hold a public hearing on the proposed amendments at least 7 days prior to a vote on the resolution amending the budget; and

(b) publish notice, at least once, in a newspaper of general circulation in the county at least 6 but not more than 16 days before the hearing on the budget amendments. The published notice must specify the date, time, place, and subject of the hearing.

(1) On or before the second Monday in August and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at a rate which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for the fund during the current fiscal year. The taxable valuation of the county for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund. Each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget, without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy.

Upon the happening of an emergency caused by fire, flood, explosion, storm, earthquake, epidemic, riot, or insurrection; for the immediate preservation of order or of public health; for the restoration of a condition of usefulness of which has been destroyed by accident; for the relief of a stricken community overtaken by calamity; in settlement of approved claims for personal injuries or property damages, exclusive of claims arising from the operation of any public utility owned by the county; or to meet mandatory expenditures required by law, the county commissioners may, upon adoption by unanimous vote of all members present at any meeting (the time and place of which all members shall have had reasonable notice) of a resolution stating the facts constituting the emergency and upon entering the same upon their minutes, make the expenditures or incur the liabilities necessary to meet such emergency without further notice or hearing.

History: En. Sec. 6, Ch. 148, L. 1929; re-en. Sec. 4613.6, R.C.M. 1935; amd. Sec. 2, Ch. 170, L. 1943; amd. Sec. 1, Ch. 159, L. 1953; amd. Sec. 1, Ch. 148, L. 1955; amd. Sec. 1, Ch. 194, L. 1963; R.C.M. 1947, 16-1907(part).

7-6-2342. Procedure to make expenditures and incur liabilities in case of other emergencies. (1) In a public emergency other than those described in 7-6-2341 and which could not reasonably have been foreseen at the time of making the budget, the board of county commissioners, by unanimous vote of the members present at any meeting (the time and place of which all the commissioners shall have had reasonable notice), shall adopt and enter upon their minutes a resolution stating the facts constituting the emergency and the estimated amount of money required to meet the emergency.

(2) The board shall publish the resolution, together with a notice as provided in 7-1-2121 that a public hearing will be held on the resolution.

(3) Any taxpayer or resident of the county may appear at the hearing and be heard for or against the expenditure of money for the alleged emergency.

(4) (a) Upon the conclusion of the hearing, if the commissioners approve the emergency expenditure, they shall make and enter upon their official minutes, by unanimous vote of all of the members of the board present at the meeting, an order setting forth the facts constituting the emergency, together with the amount of expenditure authorized therefor by them. Subject to the limitations of subsection (4)(b), the order is lawful authorization for them to expend such amount, but no more, for such purpose.

(b) No expenditure may be made or liability incurred pursuant to the order until 5 days, exclusive of the day of entry of the order, elapse.

History: En. Sec. 6, Ch. 148, L. 1929; re-en. Sec. 4613.6, R.C.M. 1935; amd. Sec. 2, Ch. 170, L. 1943; amd. Sec. 1, Ch. 159, L. 1953; amd. Sec. 1, Ch. 148, L. 1955; amd. Sec. 1, Ch. 194, L. 1963; R.C.M. 1947, 16-1907(part); amd. Sec. 10, Ch. 252, L. 1979; amd. Sec. 8, Ch. 349, L. 1985.

(1) During the 5-day period provided by 7-6-2342(4)(b), any taxpayer or resident of the county feeling aggrieved by the order issued pursuant to 7-6-2342(4) may appeal therefrom to the district court for such county by filing with the clerk of the court a verified petition, a copy of which has theretofore been served upon the county clerk and recorder of the county as the clerk of the board of county commissioners. The petition shall set forth in detail the objections of the petitioner to the order, giving reasons why the emergency does not exist.

(2) Until final determination of the matter by the court, the service and filing of the petition operates to suspend the emergency order and the authority to make any expenditure or incur any liability thereunder.

(3) Upon the filing of the petition, the court shall immediately fix a time for hearing the petition, which time shall be at the earliest convenient time. At the hearing the court shall hear the matter de novo and may take such testimony as it considers necessary. The court's proceedings shall be summary and informal, and its determination as to whether an emergency such as is contemplated within the meaning and provisions of this part exists or not and whether the expenditure authorized by the order is excessive or not is final.

(2) The governing body of a county may apply to the supreme court administrator for a grant by filing a written request on forms provided by the administrator by August 20 for the previous fiscal year unless the administrator grants a time extension upon request of the county. In its request for a grant, a county must certify that:

(a) all expenditures from the district court fund have been lawfully made;

(b) no transfers from the district court fund have been or will be made to any other fund; and

(c) no expenditures have been made from the district court fund that are not specifically authorized by 7-6-2511 and 7-6-2351.

(5) The supreme court administrator shall notify each eligible county as soon as possible of the state's intention to award a grant to that county and the amount of the award.

(6) The grant received by the county must be placed in the district court fund.

(7) If an audit conducted pursuant to 2-7-503 discloses that the recipient received a grant in excess of the amount for which it was eligible, the recipient shall repay the excess to the state. The supreme court administrator shall redistribute any repaid excess amounts to the other counties that received grants from the appropriation from which the overpayment was made, on the same basis as the original awards. A county is not eligible for a district court grant if it owes the state a refund of a prior year's overpayment.

(8) The supreme court administrator, in consultation with the supreme court, shall prescribe rules and forms necessary to effectively administer this section. The administrator may require a county to provide any information considered necessary for the administration of the program.

(c) capital outlay;

(d) interest and debt redemption;

(e) miscellaneous; and

(f) expenditures proposed to be made from bond issues not yet authorized or from the proceeds of a tax levy or levies which are required to be submitted to and approved at an election to be held later.

(2) (a) Within the class of salaries and wages, each salary shall be set forth separately, together with the title or position of the recipient. An unitemized appropriation may be made to cover the expenses of special deputies or assistants in an office where the services of the special deputies or assistants may be required during a part of the fiscal year only. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made, but the proposed rate per day for each class or kind of labor shall be set forth.

(2) Upon receipt thereof, the council shall immediately consider the same in detail and shall, on or before July 25, make any revisions, reductions, additions, or changes therein that they deem advisable. Such tabulation, with such revisions, reductions, additions, or changes as have been made therein as herein provided, shall constitute the preliminary budget of the municipality for the fiscal year which it is intended to cover.

7-6-4228. Hearing on preliminary budget. (1) At least 3 days prior to the adoption of the final budget, the council shall meet at the time and place designated in the notice provided in 7-6-4227, at which time any taxpayer or resident may appear and be heard for or against any part of the budget. The council may call in the official in charge of an office, department, service, or institution, at the time the estimates for their respective offices are under consideration, for examination concerning the estimates. The official shall be called in by the council, upon the request of a taxpayer or resident, for questioning upon the estimates either by the council, taxpayer, or resident.

(2) The hearing shall be continued from day to day and shall be concluded and the budget finally approved and adopted on or before the second Monday in August, prior to the fixing of the tax levies by the council.

7-6-4229. Determination of projected fund cash flow following hearing. (1) Upon the conclusion of the hearing, the council shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources except the taxation of property. In so doing, the council may not include any amount anticipated from the payment of taxes which became delinquent during a preceding fiscal year.

(2) The council shall then determine separately the amount appropriated for and authorized to be spent for each item in the budget and shall specify the fund against which warrants are to be drawn for the expenditures so authorized. There may not be added to the amount appropriated and authorized to be spent for an item or purpose or to the total amount appropriated and authorized to be spent from any fund, other than a fund for the payment of principal or interest on outstanding bonds, any amount because of anticipated loss of revenue by reason of nonpayment of taxes levied for the fiscal year. The expenditures authorized from a fund, including reserve, may not exceed the aggregate of:

(a) the cash balance in the fund at the close of the preceding fiscal year in excess of outstanding unpaid warrants against the fund at the close of that fiscal year;

(b) the amount of estimated revenues to accrue to the fund; and

(c) the amount which may be raised for the fund by a lawful tax levy during the fiscal year.

History: En. Sec. 6, Ch. 121, L. 1931; re-en. Sec. 5083.6, R.C.M. 1935; amd. Sec. 1, Ch. 129, L. 1941; amd. Sec. 51, Ch. 348, L. 1974; amd. Sec. 14, Ch. 213, L. 1975; R.C.M. 1947, 11-1406(2).

7-6-4230. Determination of fund requirements to be met by tax levy. (1) Following the determinations required by 7-6-4229, the council shall determine the amount to be raised for each fund for which a tax levy is to be made by adding the cash balance in excess of outstanding unpaid warrants at the close of the preceding fiscal year and the amount of the estimated revenues, if any, to accrue to the fund during the current fiscal year. It shall then deduct the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the council in the budget adopted and approved. The amount remaining is the amount necessary to be raised for any fund by tax levy during the current fiscal year.

(2) The council may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year an additional amount as a reserve to meet expenditures to be made from the fund during the months of July to November of the next fiscal year. The amount added to any fund as a reserve may not exceed one-third of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount appropriated and authorized to be spent for election expenses and payment of emergency and other outstanding warrants.

(3) The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve, must not exceed the total amount which may be raised for the fund by a tax levy which does not exceed the maximum levy permitted by law to be made for the fund.

History: En. Sec. 6, Ch. 121, L. 1931; re-en. Sec. 5083.6, R.C.M. 1935; amd. Sec. 1, Ch. 129, L. 1941; amd. Sec. 51, Ch. 348, L. 1974; amd. Sec. 14, Ch. 213, L. 1975; R.C.M. 1947, 11-1406(3).

7-6-4231. Final budget — approval, adoption, and amendment. (1) The budget as finally determined, in addition to setting out separately each item for which an appropriation is made or expenditure authorized and the fund out of which it is to be paid, shall set out:

(a) the total amount appropriated and authorized to be spent from each fund;

(b) the cash balance in excess of outstanding unpaid warrants at the close of the preceding fiscal year;

(c) the amount estimated to accrue to the fund from sources other than taxation;

(d) the reserve for the next fiscal year; and

(e) the amount necessary to be raised for each fund by tax levy during the current fiscal year.

(2) The council shall then by resolution approve and adopt the budget as finally determined, and the clerk shall enter the resolution at length in the official minutes of the council. The clerk shall keep a copy of the budget with the resolution in the official records of the municipality.

(3) (a) Subject to compliance with the procedures set forth in subsection (4), the council may approve and adopt a resolution amending a final budget when:

(i) shortfalls in anticipated and budgeted revenues occur that, unless reductions in appropriations are made, will result in expenditures for the year exceeding actual revenues and cash balances available therefor; or

(ii) savings result from unanticipated adjustments in projected expenditures.

(b) Amended appropriations must be classified as:

(i) salaries and wages;

(ii) maintenance and operation;

(iii) capital outlay;

(iv) interest and debt redemption; or

(v) miscellaneous.

(4) Prior to amending a final budget, the council shall:

(a) hold a public hearing on the proposed amendments at least 7 days prior to a vote on the resolution amending the budget; and

(b) publish notice at least once in a newspaper of general circulation in the city or town at least 6 but not more than 16 days before the hearing on the budget amendments. The published notice must specify the date, time, place, and subject of the hearing.

7-6-4232. Fixing of tax levy. (1) On or before the second Monday in August and after the approval and adoption of the final budget, the council shall fix the tax levy for each fund at a rate, not exceeding limits prescribed by law, which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for that fund during the current fiscal year. The taxable valuation of the city for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to raise the amount set out in the budget.

(2) If the council considers that a levy made for a bond sinking or interest fund will not provide a sufficient amount to pay all bond principal and interest becoming due during the current fiscal year or within 6 months after the current fiscal year because of anticipated tax delinquency, the council may fix the levy at a rate it considers necessary to raise the amount for making the payments of principal and interest over and above the anticipated tax delinquency.

(3) Each levy shall be made in the manner provided by 15-10-201.

(2) (a) The council shall not approve any claim and the clerk shall not issue any warrant for any expenditure in excess of said detailed budget appropriations, as finally adopted or as revised under the provisions of this part, except upon an order of a court of competent jurisdiction or for an emergency as hereinafter provided. Any municipal officer or officers approving any claim or issuing any warrant in excess of any such budget appropriation except as above provided shall forfeit to the city fourfold the amount of such claim or warrant.

(2) The clerk shall include in his annual tabulation to be submitted to the council the total amount of emergency warrants issued during the preceding fiscal year. Subject to the provisions of subsection (3), the council shall, in their tax levies, include a levy for each fund sufficient to raise an amount equal to the total amount of such warrants, if there be any, remaining unpaid at the close of such preceding fiscal year because of insufficient money in such fund to pay the same.

(3) (a) No levy shall be made for any fund in excess of the levy authorized by law to be made therefor.

(b) The council may submit the question of funding such emergency warrants at an election as provided by law. If at any such election the issuing of such funding bonds be authorized, it shall not then be necessary for any levy to be made for the purpose of paying such emergency warrants.

(2) The issuing of bonds for the purpose of funding or refunding outstanding warrants or bonds is not the incurring of a new or additional indebtedness but is merely the changing of the evidence of outstanding indebtedness.

History: En. 16-2010.1 by Sec. 1, Ch. 175, L. 1975; amd. Sec. 39, Ch. 566, L. 1977; R.C.M. 1947, 16-2010.1(part); amd. Sec. 43, Ch. 614, L. 1981.

7-7-109. Sale of notes in anticipation of federal or state revenue. (1) As used in this section, the following definitions apply:

(a) "Bonds" means bonds, notes, warrants, debentures, certificates of indebtedness, and all instruments or obligations evidencing or representing indebtedness, or evidencing or representing the borrowing of money, or evidencing or representing a charge, lien, or encumbrance on specific revenues, special assessments, income, or property of a political subdivision, including all instruments or obligations payable from a special fund.

(b) "Political subdivision" means a county, city, town, school district, irrigation district, rural special improvement district, special improvement district, county water or sewer district, or any other political subdivision of the state, but does not include the state or any board, agency, or commission of the state.

(c) "Governing body" means the board, council, commission, or other body charged with the general control of the issuance of bonds of a political subdivision.

(2) When all conditions exist precedent to the offering for sale of bonds of a political subdivision in any amount and for any purpose authorized by law and the political subdivision has applied for a grant or loan of state or federal

funds to aid in payment of costs incurred or to be incurred for the authorized purpose, its governing body may by resolution issue and sell notes in anticipation of the receipt of the grant or loan, in an amount not exceeding the total amount of bonds authorized and maturing within not more than 3 years from the date such notes are issued.

(3) The proceeds of the grant or loan, when received, shall be credited to the debt service fund for the notes as may be needed for their payment, with interest, when due.

(4) Any amount of the notes which cannot be paid at maturity from the proceeds of the grant or loan or from any other funds appropriated by the governing body for the purpose shall be paid from the proceeds of bonds to be issued and sold before the maturity date, or if sufficient funds are not available for payment in full of the notes at maturity, those bondholders may, in exchange, require the issuance of long-term bonds. The bonds so issued are secured and subject to the terms and conditions provided by the law authorizing their issuance. Notes and bonds may be issued as provided in this section regardless of the amount authorized if the amount which may legally be issued is less than the commitment for which the grant or loan is made. Before the notes or bonds are issued, the political subdivision must receive a written commitment for a grant or loan in an amount equal to the remaining estimated costs and must by resolution provide for the fulfillment of the conditions of the commitment.

(b) When any such board shall fail or neglect to perform any such duty, no minority member of said board who shall have moved said board or voted in favor of a performance of such duty shall be held liable.

(2) Any person or persons who shall take, use, or appropriate or permit to be taken, used, or appropriated any portion of any such fund as herein specified for any purpose other than that permitted by law shall be jointly and severally liable to the county, city, or other municipal or public corporation to which said fund shall belong for the portion of such fund so unlawfully taken, used, or appropriated.

The duplicate warrant, bond, or coupon must be in the same form as the original and will take the place in order of registration and payment of and supersede the original bond, warrant, or coupon. It must have the word "duplicate" plainly printed across its face.

(2) No duplicate warrant, bond, or coupon may be issued under this section unless the person entitled to receive the duplicate deposits with the county treasurer a bond in double the amount for which the duplicate warrant, bond, or coupon is issued, conditioned to render the county and its officers harmless from all loss, costs, or damages by reason of issuing the duplicate.

Such owner or holder may maintain an action in his own name upon such surety bond for the recovery of any money paid upon such duplicate, but the delivery of such surety bond does not relieve or exonerate the county from the payment of the amount specified therein upon a demand and refusal of the sureties named in the indemnifying surety bond to pay the same.

(1) Except as provided in subsections (2) through (4), no county may issue general obligation bonds for any purpose which, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the total of the taxable value of the property therein, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612 multiplied by 60%, plus the value of any other production occurring after December 31, 1988, multiplied by 60%, to be ascertained by the last assessment for state and county taxes prior to the proposed issuance of bonds.

through a tax levy of 10 mills on all the property within the county subject to taxation, and the term may not exceed 20 years.

(4) The length of the term required must be estimated and calculated by the board of county commissioners, based upon the percentage of valuation of the property upon which taxes are levied and paid within the county as ascertained from the last completed assessment for state and county taxes, taking into account probable changes in the taxable valuation and losses in tax collections. Irrespective of any miscalculation by the county commissioners in fixing the term of the bonds, the county shall from year to year make a sufficient tax levy to pay the interest and installments on principal on the bonds as the same fall due.

(5) For purposes of this section, the term of a bond issue commences on July 1 of the fiscal year in which the county first levies taxes to pay principal and interest on the bonds.

1993 Amendment: Chapter 559 in first sentence of (1), before "issued", inserted "including citizen bonds as provided in 7-7-2212 through 7-7-2215"; and made minor changes in style. Amendment effective April 28, 1993.

7-7-2262. Payment of principal and interest. The county treasurer shall pay from the proper sinking and interest fund the interest and principal of each issue or series of outstanding bonds, as such interest and principal become due and at the place where said bonds are payable, upon the presentation and surrender of the coupon or coupons or bond or bonds to be paid. If the bonds are held by the state of Montana, then all such payments shall be made at the office of the state treasurer, who shall cancel the coupons or bonds and return the same to the county treasurer, together with his receipt.

History: En. Sec. 28, Ch. 188, L. 1931; re-en. Sec. 4630.28, R.C.M. 1935; R.C.M. 1947, 16-2042(part).

7-7-2263. Interest on late payments of principal and interest on bonds held by state. Any and all installments of interest or principal on bonds held by the state and not promptly paid at the office of the state treasurer when due shall draw interest at the rate of 6% per annum from the date due until actually paid, irrespective of the rate of interest on the bonds themselves.

History: En. Sec. 28, Ch. 188, L. 1931; re-en. Sec. 4630.28, R.C.M. 1935; R.C.M. 1947, 16-2042(part).

7-7-2264. Statement as to amount of principal and interest due and payable on bonds. (1) Whenever any county has any issue or series of bonds outstanding and there are not sufficient funds on hand available for the payment of the full amount of the interest and principal thereof, the county treasurer of such county shall, between the first and fifth days of August in each year while such bonds or any thereof remain outstanding and unpaid, make out and deliver to the board of county commissioners of such county a statement.

(2) The statement required by subsection (1) shall show the amount required to be raised by tax levy during the then-current fiscal year for payment of interest and principal becoming due and payable during such fiscal year or within 90 days thereafter on each issue or series of bonds outstanding. If no part of the principal of any such issue or series of bonds will become due and payable within such time, then such statement shall show the amount required to be raised by tax levy during such year for payment of interest becoming due during such time and to place the proper amount in the sinking fund for the payment of the principal of such bonds when they become due, as provided in 7-7-2265.

History: En. Sec. 24, Ch. 188, L. 1931; re-en. Sec. 4630.24, R.C.M. 1935; R.C.M. 1947, 16-2038.

7-7-2265. Tax levy for payment of bonds. (1) The board of county commissioners, at the time of making the levy of taxes for county purposes, must levy a separate and special tax upon all taxable property in the county for the payment of interest on and principal of each series or issue of bonds outstanding. The tax levy for any one series or issue of bonds must be entirely separate and distinct from the levy for any other series or issue of bonds.

(2) Except as provided in subsection (3), the levy made for the purpose of paying interest on and principal of each series or issue of bonds must be high enough to raise an amount sufficient to pay all interest on and so much of the principal, if any, of the bonds as will become due and payable during the then-current fiscal year or within 90 days after the fiscal year, as shown by the treasurer's statement provided by 7-7-2264. If no part of the principal of the bonds become due and payable within that time, then the tax levy must be high enough to:

(a) raise an amount sufficient to pay all interest that will become due and payable during the current fiscal year or within 90 days after the fiscal year; and

(b) place in the sinking fund for the issue or series of bonds, for the payment of the principal when it becomes due, an amount not less than a sum produced by dividing the whole amount for which the series or issue of bonds was originally issued by the number of years for which the series or issue was originally issued to run.

(3) The annual levies made for the purpose of paying off bonds that do not provide for periodic interest payments but, rather, are sold at a discount from their face value, as provided in 7-7-2212 through 7-7-2215, must be actuarially sufficient so that at the time for redemption, there is an amount in the sinking fund sufficient to redeem the bonds.

History: En. Sec. 25, Ch. 188, L. 1931; re-en. Sec. 4630.25, R.C.M. 1935; R.C.M. 1947, 16-2039; amd. Sec. 10, Ch. 559, L. 1993.

7-7-2266. Procedure in case of insufficient tax levy — individual liability of county commissioners. (1) If the board of county commissioners of any county shall fail, neglect, or refuse in any year to make a levy sufficient to pay the interest on and principal of any issue or series of bonds as required by the provisions of 7-7-2265, the holder of any bond of such issue or series or any taxpayer paying taxes on property situated in such county may apply to the district court of the county issuing such bonds for a writ of mandate to compel the board of such county to make a proper and sufficient levy for such purposes.

(2) If, upon the hearing of such application, it shall appear to the satisfaction of the court that the board has failed, neglected, or refused to make any levy whatever for such purposes or has made a levy but that the same is insufficient to raise the amount required to be raised for such purposes under the provisions of 7-7-2265, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring such board, at the next meeting thereof for the purpose of making and fixing county levies, to raise the amount of such deficiency. This levy shall be in addition to the levy required to be made for the then-current fiscal year.

(3) Any costs which may be allowed or awarded the petitioner in any such proceeding shall be paid by the members of the board and shall not be a charge against such county.

History: En. Sec. 26, Ch. 188, L. 1931; re-en. Sec. 4630.26, R.C.M. 1935; R.C.M. 1947, 16-2040.

7-7-2267. Redemption of bonds held by state. (1) Whenever there is available money in any sinking and interest fund over and above the amount required for payment of principal and interest becoming due on the next interest payment date and sufficient to pay and redeem one or more of the outstanding bonds, or coupons in the case of amortization bonds, of the issue or series to which such sinking and interest fund belongs and whenever such bonds are held by the state of Montana, the county treasurer must apply such available money in payment of as many of such bonds, or coupons in the case of amortization bonds, as the same will pay.

(2) Not less than 15 days before the next interest payment date, the county treasurer must give notice to the board of investments that on such interest payment date, such bond or bonds or coupon or coupons will be paid. The county treasurer, before such interest payment date, must remit to the state treasurer the amount required to pay such bond or bonds, with the interest thereon, or amortization bond coupon or coupons.

(3) Upon receipt of such amount, the state treasurer must cancel such bond or bonds and all unpaid interest coupons attached thereto and the coupons paid, in the case of amortization bonds, and return the same, with his receipt, to the county treasurer.

(2) The county treasurer shall give notice to the holder of the bonds, if ownership of the bonds is registered or is otherwise known to the treasurer, to the registered owners at their addresses as they appear in the bond registration books, or to any bank or financial institution at which the bonds are payable, by mail sent at least 15 days before the redemption date, that the bonds or principal installments will be paid and redeemed on that date. A defect in or failure to give notice may not affect the validity of the proceedings for the redemption of a bond or principal installment. If the ownership of the bonds is not registered, the county treasurer shall also publish in the official newspaper of the county, once a week for 2 consecutive weeks immediately preceding the interest payment date, a notice that the bonds or principal installments have been called for redemption and will be paid in full on the redemption date. If actual notice of the call has been given through a different means for its redemption, the holder of a bond may waive published or mailed notice.

(3) If the bonds or principal installments are payable at some bank or financial institution, the county treasurer shall remit to the bank or financial institution, before the redemption date, an amount sufficient to pay and redeem the bonds or principal installments with interest accrued on the bonds or principal installments. If the bonds are not presented for payment and redemption on the redemption date, interest ceases on that date.

1993 Amendment: Chapter 6 near end deleted reference to 7-7-2253.

7-7-2303. Term of refunding general obligation bonds. (1) (a) The following limitations as to term shall apply to all bonds issued under 7-7-2301(1). Except as provided in subsection (1)(b), no bonds shall be issued for a longer term than 10 years.

(b) (i) If the unexpired term of the bonds to be refunded shall be more than 10 years, the refunding bonds may be issued for such unexpired term.

(ii) If such 10-year term will require an annual tax levy for payment of such refunding bonds exceeding 10 mills on all property subject to taxation in the county, the term may be so extended as to reduce the required annual levy to 10 mills; provided, however, that the term shall not under any circumstances exceed 20 years.

(2) Bonds issued for any of the purposes designated in 7-7-2301(2) shall not be for a longer term than will be required to repay the bonds with interest through a tax levy of 10 mills on all the property within the county subject to taxation, and the term shall not exceed 20 years.

(3) The length of the term required shall be estimated and calculated by the board of county commissioners, based upon the percentage of valuation of the property upon which taxes are levied and paid within such county as ascertained from the last completed assessment for state and county taxes, taking into account probable changes in the taxable valuation and losses in tax collections. Irrespective of any miscalculation by the county commissioners in fixing the term of the bonds, the county must from year to year make a sufficient tax levy to pay the interest and installments on principal on the bonds as the same fall due.

7-7-4264. Statement as to amount of principal and interest due and payable on bonds. (1) Whenever any city or town has any issue or series of bonds outstanding and there are not sufficient funds on hand available for the payment of the full amount of the interest and principal thereof, the city treasurer or town clerk shall, between July 1 and July 15 in each year while such bonds or any of them remain outstanding and unpaid, make out and deliver to the city or town clerk a statement.

(2) The statement required by subsection (1) shall show the amount required to be raised by tax levy during the then-current fiscal year for payment of interest and principal becoming due and payable during such fiscal year or within 90 days thereafter on each issue or series of bonds outstanding. If no part of the principal of any such issue or series of bonds outstanding or if no part of the principal of any such issue or series of bonds will become due and payable within such time, then such statement shall show the amount required to be raised by tax levy during such year for payment of interest becoming due during such time and to place the proper amount in the sinking fund for the payment of the principal of such bonds when they become due, as provided in 7-7-4204.

(3) The statement prepared by the city treasurer or town clerk shall be presented by the city or town clerk to the city or town council at its next meeting.

History: En. Sec. 21, Ch. 160, L. 1931; re-en. Sec. 5278.21, R.C.M. 1935; R.C.M. 1947, 11-2321.

7-7-4265. Tax levy for payment of bonds. (1) The city or town council, at the time of making the levy of taxes for general city or town purposes, must levy a separate and special tax upon all taxable property in the city or town for the payment of interest and principal for each series or issue of bonds outstanding. The tax levy for any one series or issue of bonds must be entirely separate and distinct from the levy for any other issue or series of bonds.

(2) Except as provided in subsection (3), the levy made for the purpose of paying interest on and principal of each series or issue of bonds must be high enough to raise an amount sufficient to pay all interest on and so much of the principal, if any, of the bonds as will become due and payable during the then-current fiscal year or within 90 days thereafter, as such amount is shown by the treasurer's statement provided for by 7-7-4264. If no part of the principal of such bonds will become due and payable within such time, then such tax levy must be high enough to raise an amount sufficient to pay all interest which will become due and payable during the current fiscal year or within 90 days thereafter and to also place in the sinking fund for such issue or series of bonds, for the payment of the principal when the same becomes due, an amount not less than a sum produced by dividing the whole amount for which the series or issue of bonds were originally issued by the number of years for which such series or issue of bonds were originally issued to run, as such amounts are shown by the treasurer's statement provided for by 7-7-4264.

(3) The annual levies made for the purpose of paying off bonds that provide for no periodic interest payments but rather are sold at a discount from their face value, as provided in 7-7-4211 through 7-7-4214, must be actuarially sufficient so that at the time for redemption there is an amount in the sinking fund sufficient to redeem the bonds.

History: En. Sec. 22, Ch. 160, L. 1931; re-en. Sec. 5278.22, R.C.M. 1935; R.C.M. 1947, 11-2322; amd. Sec. 9, Ch. 212, L. 1979; amd. Sec. 10, Ch. 511, L. 1989.

7-7-4266. Procedure in case of insufficient tax levy — individual liability of council members. (1) If the council of any city or town shall fail, neglect, or refuse in any year to make a levy sufficient to pay the interest on and principal of any issue or series of bonds as required by the provisions of 7-7-4265, the holder of any bond of such issue or series or any taxpayer paying taxes on property situated in such city or town may apply to the district court of the county in which the city or town issuing such bonds is situated for a writ of mandate to compel the city or town council to make a proper and sufficient levy for such purposes.

(2) If, upon the hearing of such application, it shall appear to the satisfaction of the court that the city or town council has failed, neglected, or refused to make any levy whatever for such purposes or has made a levy but that the same is insufficient to raise the amount required to be raised for such purposes under the provisions of 7-7-4265, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring such city or town council, at the next meeting thereof for the purpose of making and fixing city or town levies, to make and fix a tax levy against all taxable property in such city or town sufficient to raise the amount of such deficiency. This levy shall be in addition to the levy required to be made for the then-current fiscal year.

(3) Any costs which may be allowed or awarded the petition in any such proceeding shall be paid by the members of the city or town council and shall not be a charge against the city or town.

History: En. Sec. 23, Ch. 160, L. 1931; re-en. Sec. 5278.23, R.C.M. 1935; R.C.M. 1947, 11-2323.

(2) Not less than 15 days before the next interest payment date, the city treasurer or town clerk must give notice to the board of investments that on such interest payment date, such bond or bonds will be paid. The city treasurer or town clerk, before such interest payment date, must remit to the state treasurer the amount required to pay such bond or bonds, with the interest thereon.

(3) Upon receipt of such amount, the state treasurer must cancel such bond or bonds and all unpaid interest coupons attached thereto and return the same, with his receipt, to the city treasurer or town clerk.

(2) The city treasurer or town clerk shall give notice to the holder of the bond or bonds, if ownership of the bonds is registered or is otherwise known to the treasurer, to the registered owners at their addresses as they appear in the bond registration books, or to any bank or financial institution at which the bonds are payable, by mail sent at least 15 days before the redemption date, that bonds will be redeemed and paid on that date. A defect in or failure to give notice may not affect the validity of the proceedings for the redemption of a bond. If the ownership of the bonds is not registered, the city treasurer or town clerk shall also publish in a newspaper of general circulation printed and published in the city or town and, if there is none, then in a newspaper of general circulation in the city or town printed and published in the county in which the city or town is situated a notice that the bond or bonds have been called for redemption and will be paid in full on the redemption date. The notice must be published once a week for 2 successive weeks immediately preceding the interest payment date. If actual notice of the call has been given through a different means for its redemption, the holder of a bond may waive published or mailed notice.

(3) If the bonds are payable at a bank or financial institution, the city treasurer or town clerk shall remit to the bank or institution, before the redemption date, an amount sufficient to pay and redeem the bonds. If the bonds are not presented for redemption and payment on the redemption date, interest ceases on that date.

(b) donate the land to a municipality, as provided in subsection (6), if the land is within the incorporated boundaries of the municipality; or

(c) donate the lands to a nonprofit corporation as provided in subsection (7).

(2) A sale may not be made for a price less than the fair market value of the land, as determined and fixed by the board prior to making the order of sale. In determining fair market value, the board shall subtract the amount of outstanding assessments that are a lien on the land from the unencumbered value of the land, but the minimum sale price for a parcel of land may not be less than $10.

(3) If no bids are received at a sale of tax-deed land, the board shall order another auction sale of the land under this part within 6 months and may, if required by the circumstances, redetermine the fair market value of the land under subsection (2). In the period of time between the auction conducted under subsection (1), in which there were no qualifying bids for the property, and an auction held pursuant to this subsection, the board may sell the land by negotiated sale at a price that is not less than the fair market value that was fixed for the original auction under subsection (1).

(4) If no bid is received at the sale conducted under subsection (3), the board may dispose of the land as provided in 7-8-2218.

(5) Notwithstanding the amount of the fair market value fixed by the board prior to the auction, if the successful sale bidder is the delinquent taxpayer or the taxpayer's successor in interest, the taxpayer's agent, or a member of the taxpayer's immediate family, the purchase price may not be less than the amount necessary to pay, in full, all county costs of conducting the sale, delinquent taxes, assessments, and all interest and penalties.

(6) A board of county commissioners may, upon expiration of the redemption period provided for in 15-18-111, donate the land to a municipality with the consent of the municipality.

(7) A board of county commissioners may, upon expiration of the redemption period provided for in 15-18-111, donate the land to a nonprofit corporation for the purpose of constructing:

(2) The authorizing ordinance may be passed by the governing body of the jurisdiction or it may be initiated by a petition signed by 15% of the resident property taxpayers of the area proposed for the district in each jurisdiction.

(3) Prior to determining the boundary of the district, the governing body or persons preparing a petition shall consult with the county election administrator to prepare a description of the boundary of the proposed district. 7-12-2151. Assessment of costs. (1) To defray the cost of making or acquiring any of the improvements provided for in this part, including incidental expenses, the board of county commissioners shall assess the entire cost of the improvements against benefited lots, tracts, or parcels of land in the district, based upon the benefits received, and shall adopt one or any combination of the following methods of assessment for each improvement made or acquired for the benefit of the district:

(a) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost which its assessable area bears to the assessable area of all the benefited lots, tracts, or parcels in the district, exclusive of streets, avenues, alleys, and public places. For the purposes of this subsection (1)(a), "assessable area" means an area of a lot, tract, or parcel of land representing the benefit conferred upon the lot, tract, or parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the lot, tract, or parcel.

(b) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost of the improvement based upon the assessed value of the benefited lots or pieces of land within the district, if the board determines the assessment to be equitable in proportion to and not exceeding the benefits received from the improvement by the lot, tract, or parcel.

(c) Each lot, tract, or parcel of land in the district abutting upon the street where the improvement has been made may be assessed in proportion to its lineal feet abutting the street.

(d) Each lot, tract, or parcel of land in the district may be assessed an equal amount based upon the total cost of the improvement.

(e) Each lot, tract, or parcel of land in the district served by a utility connection may be assessed an equitable lump sum for the connection based on the bid price in the applicable contract.

(2) The board may use one or any combination of methods of assessment in a single special improvement district and, if more than one improvement is undertaken, need not assess each lot, tract, or parcel in the district for the cost of all the improvements.

(3) The board in its discretion may pay the whole or any part of the cost of any street, avenue, or alley intersection out of any funds in its hands available for that purpose or to include the whole or any part of the costs within the amount of the assessment to be paid by the benefited property in the district.

7-12-2171. Details relating to rural improvement district bonds and warrants — definitions of bond forms. (1) The bonds and warrants shall be drawn against either the construction or maintenance fund created for the special improvement district and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually or semiannually, at the discretion of the board of county commissioners, on the dates the board prescribes. The warrants or bonds shall bear the signatures of the chairman of the board and the county clerk and shall bear the corporate seal of the county. They shall be registered in the office of the county clerk and the county treasurer, and if interest coupons are attached to the warrants or bonds, they shall also be registered and shall bear the signatures of the chairman of the board and the county clerk. The coupons may bear the facsimile signatures of the officers in the discretion of the board.

(2) The bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period not to exceed 30 years; except that if federal loans are available for improvements, repayment may extend over a period not to exceed 40 years. For the purposes of this subsection, the term of a bond issue commences on July 1 of the fiscal year in which the county first levies to pay principal and interest on the bonds.

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the board, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest.

(4) As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Amortization bonds" means the form of bonds on which:

(i) a part of the principal must be paid each time interest becomes payable;

(ii) the part payment of principal increases at each installment in the same amount that the interest decreases;

(iii) the combined interest and principal due on each due date remains the same until the bonds are paid;

(iv) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(v) the initial payment may be larger than subsequent payments if the increase represents interest accrued over an additional period not greater than 6 months.

(b) "Serial bonds" means a bond issue payable in annual installments commencing not more than 2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing in each installment not exceeding five times the principal amount of the bonds maturing in the immediately preceding installment.

(1) The board of county commissioners shall sell bonds or warrants issued under the provisions of 7-12-2169 and 7-12-2171 through 7-12-2174, in an amount sufficient to pay that part of the total cost and expense of the improvements which is to be assessed against the benefited property within the district, to the highest and best bidder for cash, at a price, including interest to date of delivery, not less than that prescribed by the board in the resolution calling for the sale of the bonds or warrants. The board may fix the minimum price for the bonds or warrants in an amount less than the face value of the bonds or warrants if it determines that the sale is in the best interests of the district and the county.

(2) The bonds or warrants may be sold at a private negotiated sale to the United States or the state of Montana, or an agency, instrumentality, corporation, or department thereof.

(3) In all other cases, the provisions of 7-7-4251, 7-7-4252, and 7-7-4254 which relate to the notice of sale, publication of notice, and manner and method of selling bonds by cities and towns, insofar as they are applicable and not in conflict with the provisions of this section and 7-12-2173, shall apply to, govern, and control the form of notice of sale, publication of notice, and manner and method of selling bonds or warrants.

(a) may, in its discretion and from time to time, transfer to the revolving fund from the general fund of the county such amount or amounts as may be deemed necessary, which amount or amounts so transferred shall be considered and shall be loans from such general fund to the revolving fund; and

(b) shall, in addition to such transfer or transfers from the general fund or in lieu thereof, levy and collect for such revolving fund such a tax, hereby declared to be for a public purpose, on all the taxable property in such county as shall be necessary to meet the financial requirements of such fund. However, a tax may not be levied if the balance in the revolving fund exceeds 5% of the principal amount of the then-outstanding rural special improvement district bonds and warrants secured thereby. If a tax is levied, the tax may not be an amount that would increase the balance in the revolving fund above 5% of the then-outstanding rural special improvement district bonds and warrants secured thereby.

(2) Whenever there shall be money in the district fund which is not required for payment of any bond or warrant of such district secured by the revolving fund or of interest thereon, so much of such money as may be necessary to pay the loan provided for in 7-12-2183 shall, by order of the board, be transferred to the revolving fund and the balance of such money or, if there is no outstanding loan, so much of such money as the board considers necessary may be transferred to the improvement district's maintenance fund. After all the bonds and warrants secured by the revolving fund issued on any rural special improvement district have been fully paid, all money remaining in such district fund shall by the order of the board be transferred to and become part of the revolving fund or the improvement district's maintenance fund.

Such loan shall be repaid in annual installments in not more than 3 years. In no event may the loans interfere with the payments of bonds or warrants. (c) In order to equitably apportion the cost of any of the improvements herein provided for between that land within the district which lies within 25 feet of the line of the street on which the improvement is to be made and all other benefited land within the district, the council or commission may, in the resolution creating any improvement district, provide that the amount of the assessment against the property in such district to defray the cost of such improvements shall be so assessed that each square foot of land within the district lying within 25 feet of the line of the street on which the improvements therein provided for are made shall bear double the amount of cost of such improvements per square foot of such land that each square foot of any other benefited land within the district shall bear.

(2) The city council or city commission may assess the cost of an improvement against each lot or parcel of land in the district based on the assessed value of the benefited lots or parcels of land within the district if the council or commission determines such assessment to be equitable and in proportion to and not exceeding the benefits derived from the improvement by the lot or parcel.

(3) The city council or city commission may assess each lot or parcel of land in the district an equal amount based upon the total cost of the improvement.

7-12-4203. Details relating to special improvement district bonds and warrants — definitions of bond forms. (1) The bonds and warrants shall be drawn against the special improvement district fund created for the district and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually or semiannually, at the discretion of the governing body of the municipality, on the dates the governing body prescribes. The warrants or bonds shall bear the signatures of the mayor and clerk and shall bear the corporate seal of the city. They shall be registered in the office of the clerk and treasurer, and if interest coupons are attached to the warrants or bonds, they shall also be registered and shall bear the signatures of the mayor and clerk.

(2) The bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period not to exceed 20 years or, if refunding bonds are issued pursuant to 7-12-4194, over a period ending not later than 30 years after the date the bonds to be refunded were issued. For the purposes of this subsection, the term of a bond issue commences on July 1 of the fiscal year in which the city first levies assessments to pay principal and interest on the bonds.

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the city council, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest.

(4) As used in part 41 and this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Amortization bonds" means the form of bonds on which:

(i) a part of the principal must be paid each time interest becomes payable;

(ii) the part payment of principal increases at each installment in the same amount that the interest decreases;

(iii) the combined interest and principal due on each due date remains the same until the bonds are paid;

(iv) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(v) the initial payment may be larger than subsequent payments if the increase represents interest accrued over an additional period not greater than 6 months.

(b) "Serial bonds" means a bond issue payable in annual installments commencing not more than 2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing in each installment not exceeding five times the principal amount of the bonds maturing in the immediately preceding installment.

(1) The city or town council shall sell bonds or warrants issued under the provisions of 7-12-4201, in an amount sufficient to pay that part of the total cost and expense of the improvements that is to be assessed against benefited property within the district, to the highest and best bidder for cash at a price, including interest to date of delivery, not less than that prescribed by the city council in the resolution calling for the sale of the bonds or warrants. The city council may fix the minimum price for the bonds or warrants in an amount less than face value if it determines that the sale is in the best interests of the district and the city.

The council or commission of any city or town which has heretofore created or may hereafter create any special improvement district or districts for any purpose may in its discretion create, establish, and maintain by ordinance a fund to be known and designated as the special improvement district revolving fund in order to secure prompt payment of any special improvement district bonds or sidewalk, curb, and alley approach warrants issued in payment of improvements made therein and the interest thereon as it becomes due. (a) (i) may, in its discretion and from time to time, transfer to the revolving fund from the general fund of the city or town such amount or amounts as may be deemed necessary, which amount or amounts so transferred shall be deemed and considered and shall be loans from such general fund to the revolving fund; and

(ii) may include in the cost of the improvement to be defrayed from the proceeds of the bonds or warrants an amount up to 5% of the principal amount of the bonds or warrants and deposit it in the revolving fund upon receipt of such proceeds; and

(b) shall, in addition to such transfer or transfers from the general fund or in lieu thereof, levy and collect for such revolving fund such a tax, hereby declared to be for a public purpose, on all the taxable property in such city or town as shall be necessary to meet the financial requirements of such fund. However, a tax may not be levied if the balance in the revolving fund exceeds 5% of the principal amount of the then-outstanding special improvement district bonds and warrants secured thereby. After all the bonds and warrants issued on any special improvement district or sidewalk, curb, and alley approach warrants secured by the revolving fund have been fully paid, all money remaining in such district fund shall by order of the council be transferred to and become part of the revolving fund.

(2) The council may assess the cost of fire hydrant installation and maintenance against the entire district, each lot or parcel of land within the district bordering or abutting on the streets where fire hydrants are located to be assessed in its lineal proportion to the total lineal feet bordering or abutting on such streets.

(3) If the city council determines that the area, frontage, or combination options are inequitable, it may assess the cost of fire hydrant installation and maintenance:

(a) against the entire district, each lot or parcel of land within such district to be assessed for that part of the whole cost that its taxable valuation, including improvements, bears to the taxable valuation of the entire district; or

(b) against the entire district, each lot or parcel of land receiving service within the district to be assessed by apportioning the whole cost according to a ratio between the water meter size servicing each lot or parcel and the whole cost.

History: En. Sec. 16, Ch. 770, L. 1991.

7-13-302. Definitions. As used in this part, the following definitions apply:

(1) "Board" means the board of directors as provided in 7-13-305.

(2) "Counties" means the commissioners of the counties creating the joint district.

An agreement is subject to the approval of the county commissioners in the county in which the municipality is located.

7-13-305. Board of directors. (1) The board of a joint district must be appointed by the counties.

(2) The county commissioners shall appoint to the board one commissioner from each county, a representative of each incorporated city or town, a representative of each county or city board of health, and any other representatives agreed to by the commissioners of all the counties creating the joint district.

(3) A municipality that contracts for solid waste services with a joint district but that is not located in the counties creating the joint district may

be represented on the board as provided in the agreement with the joint district.

(4) The board may provide for an executive committee that has the authority to exercise all powers of the joint district, except that the entire board shall meet at least once a year to elect officers and select the executive committee. An executive committee must include at least one representative from each of the counties.

(5) The board has all powers and duties provided in 75-10-112.

(b) grants or contributions from the state or federal government; or

(c) other sources.

(2) The bonds may be issued by resolution of the joint district without an election and without any limitation of the amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then-outstanding bonds for which revenue from the same source or sources is pledged exceeds the amount of the revenue to be received in that year as estimated in the resolution authorizing the issuance of the bonds. The board shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenue from the pledged source in a year at least equal to the amount of the principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this part, bonds issued pursuant to this part by a joint district may be payable in principal and interest solely from revenues of the joint district and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by a joint district under this part are issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) For the security of any bond, the joint district may by resolution make and enter into any covenant, agreement, or indenture. The sums required

from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenue referred to in this part prior to the payment of current costs of operation and maintenance of the solid waste management system.

Except as otherwise provided in this part, any bonds issued pursuant to this part by an authority may be payable as to principal and interest solely from revenues of the authority and shall state on their face

the applicable limitations or restrictions regarding the source from which such principal and interest are payable.

(4) Bonds issued by an authority, county, or municipality pursuant to the provisions of this part are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) For the security of any such bonds, the authority, county, or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenues referred to in this part, prior to the payment of current costs of operation and maintenance of the facilities.

(6) Nothing in this section or 7-14-1134 may be construed to limit the use of port authority revenues, including federal and state money as described in 7-14-1136, to make grants and loans or to otherwise provide financial and other support to private development organizations, including corporations organized under the provisions of the development corporation act in Title 32, chapter 4. 7-14-1134. Method of funding deficiency. (1) Subject to the conditions stated in this section, the governing body of any county or any municipality having a population in excess of 10,000, with respect to bonds issued pursuant to this part by the local government or by an authority in which the local government is included, may by resolution covenant that if at any time all revenues, including taxes, appropriated and collected for such bonds are insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the county or municipality for the payment of such deficiency. The governing body may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on such bonds, it will levy a general tax upon all the taxable property in the county or municipality for the payment of such deficiency, and such taxes are not subject to any limitation of rate or amount applicable to other county or municipal taxes but are limited to a rate estimated to be sufficient to produce the amount of the deficiency. If more than one local government is included in an authority issuing bonds pursuant to this part, the local governments may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenues appropriated for such bonds in such manner as the local governments may determine.

(2) The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies.

(3) No such resolution becomes effective until the question of its approval has been submitted to the qualified electors of the local government at a special election called for that purpose by the governing body of the local

government and a majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election is governed, to the extent applicable, as provided for municipal general obligation bonds in Title 7, chapter 7, part 42, for an election called by cities and towns, and as provided for county general obligation bonds in Title 7, chapter 7, part 22, for an election called by counties. If a majority of the electors voting thereon vote against approval of the resolution, the local government has no authority to make the covenant or to levy a tax for the payment of deficiencies pursuant to this section, but such local government or authority may nevertheless issue bonds under this part payable solely from the sources referred to in 7-14-1133(1).

7-14-2824. Preference for landowner. The owner of the land on either bank of the waters to be crossed, with the owner of the land on the left bank descending given preference over the owner of the land on the right bank, is entitled to preference in procuring authority to construct a ferry. Whenever the owners of the banks do not apply for such authority within a reasonable time after the necessity therefor arises, the board of commissioners may grant authority to another.

7-14-2825. Establishment of new ferry near existing ferry. No toll ferry must be established within 1 mile immediately above or below a regularly established ferry unless the situation of a town or village, the crossing of a public highway, or the intersection of some creek or ravine renders it necessary for public convenience. In addition to the public notice required, notice of intention to apply for authority to erect a toll ferry must be served upon the proprietor of the ferry already established, at least 10 days prior thereto, giving the time and place and grounds of such application.

7-14-2826. Regulation of ferry operation — penalties. (1) The board of commissioners may make all needful rules for the government of ferries and ferrykeepers prescribing:

(a) how many boats must be kept, their character, and how propelled;

(b) the number of hands, boatmen, or ferrymen to be employed and rules for their government;

(c) when and under what circumstances to make trips in the nighttime;

(d) who may be ferried free of toll;

(e) in what cases of danger or peril not to cross;

(f) penalties for violation of regulations;

(g) in case of steamboats, the rate of speed;

(h) the method of and preference in loading and crossing; and

(i) how and by whom action must be brought to recover penalties.

(2) Subject to the foregoing regulations, ferrykeepers must make trips to accommodate all passengers who desire to cross, and any failure to do so subjects the franchise to forfeiture by a proper proceeding for that purpose.

(3) The owner of every ferry must have the rates of toll, as fixed by the board, printed or written and posted in some conspicuous place on or near the ferry.

(4) All ferrykeepers must keep the banks of the streams or waters at the landings of their ferries graded and in good order for the passage of vehicles. For every day compliance herewith is neglected, $25 is forfeited, to be collected, except as provided in 3-10-601, for the use of the road fund of the county.

Part 29
Road Improvement Districts

Part Cross-References

General provisions related to county roads, Title 7, ch. 14, part 21.

7-14-2901. Road improvement district — purpose — benefited property defined. (1) The board of county commissioners may establish road improvement districts in those areas of the county that are not within the limits of an incorporated city or town.

(2) The purpose of a road improvement district is to allow a public entity to assess owners of parcels of land directly benefited by a proposed public road or a public road within the county that is not a county road or a highway to provide for the road's reconstruction, upgrade, repair, or maintenance. The county surveyor must determine that it would be physically impractical to improve the road to standard county road specifications.

(3) For the purposes of this part, "benefited property" means land within the district that receives a direct benefit from the road for which the road improvement district was created. A parcel of land is not benefited property if the parcel is within the district solely because the road passes over the property to provide access to benefited property. A parcel of land within the district used solely for agricultural purposes is not considered benefited property.

History: En. Sec. 1, Ch. 308, L. 1989.

7-14-2902. Creation of road improvement district — resolutions — hearing. (1) The board of county commissioners may establish a road improvement district upon petition of at least 60% of the landowners in the proposed district. The petition must:

(a) describe the boundaries of the proposed district;

(b) describe the proposed improvement;

(c) estimate the total cost of the improvement and suggest the method of making landowner assessments;

(d) if the improvement is a service, such as snowplowing, estimate the length of time the service is to be provided; and

(e) describe the manner of providing the improvement, such as through contract with a private party or local government.

(2) To establish a road improvement district, the board shall:

(a) pass a resolution of intent to form the district. The notice of intent to form the district must:

(i) be posted at three places within the proposed district;

(ii) be published as provided in 7-1-2121;

(iii) be mailed as provided in 7-1-2122 to every person, firm, or corporation or to the agent of the person, firm, or corporation owning real property within the proposed district listed in the name of the person, firm, or corporation upon the last completed assessment roll for state, county, and school district taxes; and

(iv) specify the method or methods by which the costs of the improvements are assessed against property in the district;

(b) (i) hold a public hearing no earlier than 30 days or later than 90 days after passage of the resolution of intent;

(ii) accept written protests at the hearing from property owners of the proposed district; and

(iii) receive general protests and comments at the hearing relating to the establishment of the road improvement district and its boundaries, service levels, or any other matter relating to the proposed district; and

(c) pass a resolution creating the road improvement district. The district is created effective 60 days after passage of the resolution unless by that date the owners of property in the district to be assessed for more than 50% of the cost of the proposed work, in accordance with the method or methods of assessment described in the resolution of intention, protest its creation.

(3) Based on testimony received in the public hearing, the board in the resolution creating the road improvement district may establish different boundaries or change the manner in which the area will provide services to its residents. The board may change district boundaries only if all landowners affected by the change were given written notice of the public hearing as provided in subsection (2)(a)(iii).

(4) The board of county commissioners may alter the boundaries or dissolve a road improvement district, using the same procedures required for the creation of a road improvement district. Any existing indebtedness of a road improvement district that is dissolved remains the responsibility of the owners of benefited property within the district, and any assets remaining

after all indebtedness has been satisfied must be returned to the owners of property within the district.

History: En. Sec. 2, Ch. 308, L. 1989.

7-14-2903. Authority to conduct improvements. Upon petition of a majority of the landowners in a road improvement district, a board of county commissioners may authorize the reconstruction, upgrade, repair, maintenance, or other road improvement to be performed by the district. Before the board may authorize the improvement, notice must be mailed to the landowners of the road improvement district, as provided in 7-1-2122, and a public hearing must be held if one is requested in writing by any landowner in the district.

History: En. Sec. 3, Ch. 308, L. 1989.

7-14-2904 through 7-14-2906 reserved.

7-14-2907. Cost of road improvement districts — property owner assessments. (1) The cost of operating a road improvement district must be assessed upon all the benefited property in the district based upon the benefits received, and the board of county commissioners shall adopt one or any combination of the following methods of assessment for improvements made for the benefit of the district:

(a) Each parcel of benefited property assessed in such district may be assessed with that part of the whole cost which its assessable area bears to the assessable area of all the benefited parcels in the district, exclusive of roads and public places. For the purposes of this subsection (1)(a), "assessable area" means an area of a parcel of benefited property representing the benefit conferred upon the parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the parcel.

(b) Each parcel of benefited property assessed in the district may be assessed with that part of the whole cost of the improvement based upon the assessed value of the benefited parcels of land within said district if the board determines such assessment to be equitable in proportion to and not exceeding the benefits received from the improvement by the parcel.

(c) Each parcel of benefited property in the district abutting upon the road where the improvement has been made may be assessed in proportion to its lineal feet abutting the road.

(d) Each parcel of benefited property in the district may be assessed an equal amount based upon the total cost of the improvement.

(2) The board may use one or any combination of methods of assessment in a single road improvement district and, if more than one improvement is undertaken, need not assess each parcel of benefited property in the district for the cost of all the improvements.

(3) Not later than the first Monday in September of each year, the board of county commissioners shall adopt a resolution levying and assessing upon all the benefited property in the district an amount equal to the total amount necessary for district operations. The amount necessary for district operations is the total of:

(a) (i) the estimated amount for improvements as authorized in 7-14-2903; and

(ii) the amount necessary to pay for debts for authorized improvements that cost more than estimated in previous years;

(b) less any amount in the road improvement district fund, as provided for in 7-14-2908, that may be unspent, unencumbered, and available for district use.

(4) (a) It is the duty of the county treasurer to collect the assessments in the same manner and at the same time as taxes for general purposes are collected.

(b) When an assessment becomes delinquent, the unpaid amount becomes a lien on the assessed parcel of land. The collection of delinquent assessments or enforcement of a lien may be made by any method authorized by law for the collection or payment of taxes.

History: En. Sec. 4, Ch. 308, L. 1989; amd. Sec. 3, Ch. 269, L. 1993.

Compiler's Comments

1993 Amendment: Chapter 269 inserted (1)(d) allowing each piece of land to be assessed an equal amount of the cost of the improvement.

7-14-2908. Improvement district maintenance fund. The money collected from the assessment provided for in 7-14-2907 must be paid into a road improvement district fund. Each road improvement district shall have a separate road improvement district fund. The fund may only be used to pay for expenses incurred by the district.

(1) When the governing body determines that improvement bonds are to be issued, it shall so declare in the resolution of intention for the work and shall specify the rate of interest which the bonds will bear. A description of the bonds, including the manner of repayment, shall be inserted in all notices of the proceedings required to be published or posted. A like description of the bonds shall be included in the warrant.

(2) All other proceedings for the work up to and including the approval of the assessment by the governing body and including delivery of the assessment to the contractor, demand of payment of the several assessments, and the return and record thereof shall be in all respects as provided in this part and parts 41 and 42 of chapter 12.

Except for a bond to represent any odd amount due in any year, the denominations of the bonds shall be fixed at $100 or some multiple thereof not exceeding $1,000.

(2) The bonds shall be issued as of the date of the warrant and shall bear interest from such date at the rate specified in the resolution of intention. They shall have semiannual interest coupons attached, the first of which shall be payable on January 1 or July 1, as the case may be, occurring 90 days after the date of the bond and shall be for the interest accrued at that time.

The governing body may provide a plan whereby the annual installment may be collected in partial payments prior to the time the installment is due, and the lien of each assessment on the property assessed shall continue and remain in full force and effect for 2 years after the last installment on the assessment becomes due or until the assessment is fully paid.

(2) The number of installments in which the assessment is payable shall correspond to the number of years in which there are bonds to be paid, but the total number of installments shall not exceed 25.

(2) All assessments of $25 or more not paid before the certification of assessments unpaid to the clerk shall bear interest from the date of the warrant at the same rate as that specified for the bonds in the resolution of intention. The interest shall be payable on June 1 and December 1 of each year immediately before the interest becomes due on the bonds, but the governing body may provide a plan whereby the interest may be collected in partial payments prior to the date it becomes due.

Part 21

County Housing Authorities

7-15-2101. Findings and policy. It is hereby declared that:

(1) unsanitary or unsafe dwelling accommodations exist in rural areas throughout the state, and such unsafe or unsanitary conditions arise from overcrowding and concentration of population, the obsolete and poor conditions of buildings, improper planning, excessive land coverage, lack of proper light, air, and space, unsanitary design and arrangement, lack of proper sanitary facilities, and the existence of conditions which endanger life or property by fire and other causes;

(2) in such rural areas, many persons of low income are forced to reside in unsanitary or unsafe dwelling accommodations;

(3) in such rural areas, there is a lack of safe or sanitary dwelling accommodations available to all the inhabitants thereof, and consequently, many persons of low income are forced to occupy overcrowded and congested dwelling accommodations;

(4) these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals, and welfare of the citizens of the state and impair economic values;

(5) these conditions cannot be remedied by the ordinary operations of private enterprise;

(6) the clearance, replanning, and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired;

(7) it is in the public interest that work on such projects be instituted as soon as possible; and

(8) the necessity for the provisions hereinafter enacted is hereby declared, as a matter of legislative determination, to be in the public interest.

History: En. Sec. 2, Ch. 140, L. 1935; re-en. Sec. 5309.2, R.C.M. 1935; amd. Sec. 1, Ch. 153, L. 1941; R.C.M. 1947, 35-102(part).

7-15-2102. Petition to create county housing authority — hearing and notice. (1) Any 25 residents of a county may file a petition with the county clerk setting forth that there is a need for a housing authority to function in the county.

(2) Upon the filing of such a petition, the county clerk shall give notice of the time, place, and purpose of a public hearing at which the board of county commissioners will determine the need for an authority in the county.

(a) whether unsanitary or unsafe inhabited dwelling accommodations exist in the county; and/or

(b) whether there is a lack of safe or sanitary dwelling accommodations in the county available for all the inhabitants thereof.

(2) If it shall determine that either or both of the above-enumerated conditions exist, the board shall adopt a resolution so finding (which need not go into any detail other than the mere finding) and shall thereupon appoint, as hereinafter provided, five commissioners to act as an authority.

(3) If the board, after a hearing as aforesaid, shall determine that neither of the above-enumerated conditions exist, it shall adopt a resolution denying the petition. After 3 months shall have expired from the date of the denial of any such petition, subsequent petitions may be filed as aforesaid and new hearings and determinations made thereon.

(2) When the application has been made, filed, and recorded, the secretary of state shall make and issue to the commissioners a certificate of incorporation pursuant to this part, under the seal of the state, and shall record the same with the application.

(1) The area of operation of such authority shall include said county, but in no event shall it include any city unless a resolution shall have been adopted by the governing body of the city (and by any authority which shall have been theretofore established and authorized to exercise its powers in the city) declaring that there is need for the county authority to exercise its powers within that city. Such resolution shall not be effective until it has been approved by a majority vote of the electors within the corporate limits of such city or town voting at either a special or general election.

(2) If, after the adoption of such resolution or resolutions, an authority is established for any city within the county, the county authority shall have no power to initiate any further housing projects within such city without the consent by resolution of the governing body thereof and of the authority established for such city.

(1) The commissioners of a housing authority created for a county may be appointed and removed by the board of county commissioners of the county in the same manner as the commissioners of a housing authority created for a city may be appointed and removed by the mayor.

(2) Except as otherwise provided in this part, each housing authority created for a county and the commissioners thereof shall have the same functions, rights, powers, duties, and limitations provided for housing authorities created for cities and the commissioners of such housing authorities, and for such purposes, unless a different meaning clearly appears from the context:

(2) The amount so paid for any year upon such property shall not exceed the taxes which would be paid to the state and/or subdivision thereof, as the case may be, upon such property if it were not exempt from taxation, with such allowances as may be considered to be appropriate for expenditures by the government for streets, utilities, or other public services to serve such property.

The mill rate so determined shall be levied against the sum of the actual taxable value of all taxable property located within as well as outside the urban renewal area or industrial district.

(2) (a) The tax increment, if any, received in each year from the levy of the combined mill rates of all the affected taxing bodies against the incremental taxable value within the urban renewal area or industrial district, except for the university system mills levied and assessed against property as defined in 7-15-4292(6)(a), shall be paid into a special fund held by the treasurer of the municipality and used as provided in 7-15-4282 through 7-15-4292.

(b) The balance of the taxes collected in each year shall be paid to each of the taxing bodies as otherwise provided by law.

7-15-4287. Provision for use of portion of tax increment. (1) At the time of adoption of a tax increment provision or at any time subsequent thereto, the governing body of the municipality may provide that a portion of the tax increment from the incremental taxable value shall be released from segregation by an adjustment of the base taxable value, provided that:

(a) all principal and interest then due on bonds for which the tax increment has been pledged has been fully paid; and

(b) the tax increment resulting from the smaller incremental value is determined by the governing body to be sufficient to pay all principal and interest due later on the bonds.

(2) The adjusted base value determined under subsection (1) shall be reported by the clerk to the officers and taxing bodies to which the increment provision is reported.

(3) Thereafter, the adjusted base value is used in determining the mill rates of affected taxing bodies unless the tax increment resulting from the adjustment is determined to be insufficient for this purpose. In this case, the governing body must reduce the base value to the amount originally determined or to a higher amount necessary to provide tax increments sufficient to pay all principal and interest due on the bonds.

7-15-4289. Use of tax increments for bond payments. The tax increment may be pledged to the payment of the principal of premiums, if any, and interest on bonds which the municipality may issue for the purpose of providing funds to pay such costs.

History: En. 11-3921 by Sec. 1, Ch. 287, L. 1974; amd. Sec. 1, Ch. 452, L. 1975; amd. Sec. 2, Ch. 532, L. 1977; amd. Sec. 31, Ch. 566, L. 1977; R.C.M. 1947, 11-3921(part); amd. Sec. 9, Ch. 667, L. 1979.

7-15-4290. Use of property taxes and other revenues for payment of bonds. (1) The tax increment derived from an urban renewal area may be pledged for the payment of revenue bonds issued for urban renewal projects or of general obligation bonds, revenue bonds, or special assessment bonds issued to pay urban renewal costs described in 7-15-4288 and 7-15-4289. The tax increment derived from an industrial district may be pledged for the payment of revenue bonds issued for industrial infrastructure development projects or of general obligation bonds, revenue bonds, or special assessment bonds issued to pay industrial district costs described in 7-15-4288 and 7-15-4289. Any municipality issuing such bonds may, by resolution of its governing body, enter into a covenant for the security of the bondholders, detailing the calculation and adjustment of the tax increment and the taxable value on which it is based and, after a public hearing, pledging or appropriating other revenues of the municipality, except property taxes prohibited by subsection (2), to the payment of such bonds if collections of the tax increment are insufficient.

(2) No property taxes, except the tax increment derived from property within the urban renewal area or industrial district and tax collections used to pay for services provided to the municipality by an urban renewal project or an industrial infrastructure development project, may be applied to the payment of bonds issued pursuant to 7-15-4301 for which a tax increment has been pledged.

7-15-4291. Agreements to remit unused portion of tax increments. The municipality may also enter into agreements with the other affected taxing bodies to remit to such taxing bodies any portion of the annual tax increment not currently required for the payment of the costs listed in 7-15-4288 or pledged to the payment of the principal of premiums, if any, and interest on the bonds referred to in 7-15-4289.

History: En. 11-3921 by Sec. 1, Ch. 287, L. 1974; amd. Sec. 1, Ch. 452, L. 1975; amd. Sec. 2, Ch. 532, L. 1977; amd. Sec. 31, Ch. 566, L. 1977; R.C.M. 1947, 11-3921(part).

7-15-4292. Termination of tax increment financing — exception — reduction in tax increment distribution. (1) The tax increment provision shall terminate upon the later of:

(a) the 15th year following its adoption or, if the tax increment provision was adopted prior to January 1, 1980, upon the 17th year following adoption; or

(b) the payment or provision for payment in full or discharge of all bonds for which the tax increment has been pledged and the interest thereon.

(2) Any amounts remaining in the special fund or any reserve fund after termination of the tax increment provision shall be distributed among the various taxing bodies in proportion to their property tax revenues from the district.

(3) After termination of the tax increment provision, all taxes shall be levied upon the actual taxable value of the taxable property in the urban renewal area or the industrial district and shall be paid into the funds of the respective taxing bodies.

(4) Bonds secured in whole or in part by a tax increment provision may not be issued after the 15th anniversary of tax increment provisions adopted after January 1, 1980, and the 17th anniversary of tax increment provisions adopted prior to January 1, 1980. However, if bonds secured by a tax increment provision are outstanding on the applicable anniversary, additional bonds secured by the tax increment provision may be issued if the final maturity date of the bonds is not later than the final maturity date of any bonds then outstanding and secured by the tax increment provision.

(5) (a) If a municipality issues bonds secured in whole or in part by a tax increment provision after the 10th year following a tax increment provision adopted after January 1, 1980, or after the 12th year following a tax increment provision adopted before January 1, 1980, it is not entitled to the full distribution provided in 20-9-360(2).

(b) The state treasurer shall reduce the distribution to the municipality in each fiscal year after the fiscal year in which the bonds referred to in subsection (5)(a) are issued by an amount equal to the increased taxable value of the project property multiplied by the total number of mills levied and assessed for school district purposes against the property in the previous calendar year. The department of revenue shall certify to the state treasurer by September 1 of each year the increased taxable value of the project property.

(c) If the municipality issues more than one bond series after January 1, 1991, the distribution to the municipality as provided in 20-9-360(2) is reduced, as determined in subsection (5)(b), by the sum of the amounts of each bond issue.

(6) For the purposes of subsection (5):

(a) "project property" is the value of property within an urban renewal area affected by an urban renewal project to be financed in whole or in part from the proceeds of the bonds issued pursuant to subsection (5)(a), certified by the municipality to the department of revenue at the time the bonds are issued and identified by a tax identification number. Property is affected by an urban renewal project if the property:

(i) is to be acquired or improved as part of the urban renewal project;

(ii) is located on property that is to be acquired or improved as part of the urban renewal project;

(iii) is contiguous to or located on property contiguous to, property referred to in subsection (6)(a)(i) or (6)(a)(ii), including adjacent property separated by a road, stream, street, or railroad; or

(iv) is included in an agreement between a person and the municipality in connection with the urban renewal project for the issuance of the bonds and if under the agreement, the person undertakes to develop or redevelop the property.

(b) "increased taxable value" means the difference between the taxable value of the project property for the current fiscal year and the taxable value of the project property for the fiscal year in which the bonds were issued.

7-15-4293. Adjustment of base taxable value following change of law. If the base taxable value of an urban renewal area or an industrial district is affected after its original determination by a statutory, administrative, or judicial change in the method of appraising property, the tax rate applied to it, the tax exemption status of property, or the taxable valuation of property if the change in taxable valuation is based on conditions existing at the time the base year was established, the governing body of the municipality may request the department of revenue or its agents to calculate the base taxable value as it would have been on the date of the original determination had the change been in effect on that date. The governing body may adjust the base taxable value to that value reported by the department of revenue, under the provisions of 7-15-4287.

History: En. Sec. 1, Ch. 712, L. 1989.

7-15-4298. Legislative findings. The legislature finds and declares that:

(1) infrastructure-deficient areas exist in the municipalities of the state and constitute a serious impediment to the development of infrastructure-intensive, secondary, value-adding economic development in Montana;

(2) municipalities lack sufficient capital to rectify the infrastructure shortage in infrastructure-deficient areas, thus impeding the ability of municipalities to achieve economic growth through the development of secondary, value-adding industries;

(3) the creation of industrial infrastructure is a matter of state policy and state concern because the state and its municipalities will continue to suffer economic dislocation due to the lack of secondary, value-adding industries; and

(4) the state's tax increment financing laws should be used to encourage the creation of areas in which needed industrial infrastructure for secondary, value-adding industries could be developed.

History: En. Sec. 2, Ch. 712, L. 1989.

7-15-4299. Industrial districts. (1) A local governing body, by ordinance and following a public hearing, may authorize the creation of an industrial district for industrial infrastructure development projects if the proposed industrial district:

(a) consists of a continuous area with an accurately described boundary;

(b) is zoned for light or heavy industrial use in accordance with the area master planning document;

(c) does not include any property included within an existing urban renewal area district created pursuant to this part;

(d) is found to be deficient in infrastructure improvements for industrial development; and

(e) has as its purpose the development of infrastructure to encourage the growth and retention of secondary, value-adding industries.

(2) An industrial district may use tax increment financing pursuant to the provisions of 7-15-4282 through 7-15-4293.

Payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source in aid of any urban renewal projects or industrial infrastructure development projects of the municipality under this part and part 42 or by a mortgage on all or part of any such projects.

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body.

Part 44

Municipal Housing Authorities

7-15-4401. Findings and policy. It is hereby declared that:

(1) unsanitary or unsafe dwelling accommodations exist in urban areas throughout the state, and such unsafe or unsanitary conditions arise from overcrowding and concentration of population, the obsolete and poor conditions of buildings, improper planning, excessive land coverage, lack of proper light, air, and space, unsanitary design and arrangement, lack of proper sanitary facilities, and the existence of conditions which endanger life or property by fire and other causes;

(2) in such urban areas, many persons of low income are forced to reside in unsanitary or unsafe dwelling accommodations;

(3) in such urban areas, there is a lack of safe or sanitary dwelling accommodations available to all the inhabitants thereof, and consequently, many persons of low income are forced to occupy overcrowded and congested dwelling accommodations;

(4) these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals, and welfare of the citizens of the state and impair economic values;

(5) these conditions cannot be remedied by the ordinary operations of private enterprise;

(6) the clearance, replanning, and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired;

(7) it is in the public interest that work on such projects be instituted as soon as possible; and

(8) the necessity for the provisions hereinafter enacted is hereby declared, as a matter of legislative determination, to be in the public interest.

The board or its authorized agent and the landowner or his representative shall inspect the land at an agreeable time, within 10 days of notification of the landowner. If the measures proposed to be taken extend beyond the current growing season, the proposal and acceptance must be in writing.

(5) In accepting or rejecting a proposal, the board shall consider the economic impact on the person and his neighbors, practical biological and environmental limitations, and alternative control methods to be used.

(1) For purposes of this section, unless the context clearly indicates otherwise, "peace officer" means a deputy sheriff, undersheriff, police officer, highway patrol officer, fish and game warden, park ranger, campus security officer, or airport police officer.

(2) No sheriff of a county, mayor of a city, board, commission, or other person authorized by law to appoint peace officers in this state shall appoint any person as a peace officer who does not meet the following qualifications plus any additional qualifying standards for employment promulgated by the board of crime control:

(a) be a citizen of the United States;

(b) be at least 18 years of age;

(c) be fingerprinted and a search made of the local, state, and national fingerprint files to disclose any criminal record;

(d) not have been convicted of a crime for which the person could have been imprisoned in a federal or state penitentiary;

(e) be of good moral character, as determined by a thorough background investigation;

(f) be a high school graduate or have passed the general education development test and have been issued an equivalency certificate by the superintendent of public instruction or by an appropriate issuing agency of another state or of the federal government;

(g) be examined by a licensed physician, who is not the applicant's personal physician, appointed by the employing authority to determine if the applicant is free from any mental or physical condition that might adversely affect performance by the applicant of the duties of a peace officer;

(h) successfully complete an oral examination conducted by the appointing authority or its designated representative to demonstrate the possession of communication skills, temperament, motivation, and other characteristics necessary to the accomplishment of the duties and functions of a peace officer; and

(i) possess or be eligible for a valid Montana driver's license.

(3) At the time of appointment a peace officer shall take a formal oath of office.

(4) Within 10 days of the appointment, termination, resignation, or death of any peace officer, written notice thereof must be given to the board of crime control by the employing authority.

(5) (a) Except as provided in subsections (5)(b) and (5)(c), it is the duty of an appointing authority to cause each peace officer appointed under its authority to attend and successfully complete, within 1 year of the initial appointment, an appropriate peace officer basic course certified by the board

of crime control. Any peace officer appointed after September 30, 1983, who fails to meet the minimum requirements as set forth in subsection (2) or who fails to complete the basic course as required by this subsection (a) forfeits the position, authority, and arrest powers accorded a peace officer in this state.

(b) A peace officer who has been issued a basic certificate by the board of crime control and whose last date of employment as a peace officer was less than 36 months prior to the date of the person's present appointment as a peace officer is not required to fulfill the basic educational requirements of subsection (5)(a). If the peace officer's last date of employment as a peace officer was 36 or more but less than 60 months prior to the date of present employment as a peace officer, the peace officer may satisfy the basic educational requirements as set forth in subsection (5)(c).

(c) A peace officer under the provisions of subsection (5)(b) or a peace officer who has completed a basic peace officer's course in another state and whose last date of employment as a peace officer was less than 60 months prior to the date of present appointment as a peace officer may, within 1 year of the peace officer's present employment or initial appointment as a peace officer within this state, satisfy the basic educational requirements by successfully passing a basic equivalency test administered by the Montana law enforcement academy and successfully completing a legal training course conducted by the academy. If the peace officer fails the basic equivalency test, the peace officer shall complete the basic course within 120 days of the date of the test.

(6) The board of crime control may extend the 1-year time requirements of subsections (5)(a) and (5)(c) upon the written application of the peace officer and the appointing authority of the officer. The application must explain the circumstances that make the extension necessary. Factors that the board may consider in granting or denying the extension include but are not limited to illness of the peace officer or a member of the peace officer's immediate family, absence of reasonable access to the basic course or the legal training course, and an unreasonable shortage of personnel within the department. The board may not grant an extension to exceed 180 days.

(7) A peace officer who has successfully met the employment standards and qualifications and the educational requirements of this section and who has completed a 1-year probationary term of employment must, upon application to the board of crime control, be issued a basic certificate by the board, certifying that the peace officer has met all the basic qualifying peace officer standards of this state.

(8) It is unlawful for a person whose certification as a peace officer, detention officer, or detention center administrator has been revoked or suspended by the board of crime control to act as a peace officer, detention officer, or detention center administrator. A person convicted of violating this subsection is guilty of a misdemeanor, punishable by a term of imprisonment not to exceed 6 months in the county jail or by a fine not to exceed $500, or both.

(1) A sheriff delivering prisoners at the state prison or a juvenile correctional facility or mentally ill persons at the Montana state hospital or other mental health facility receives actual expenses necessarily incurred in their transportation. No other or further compensation may be received by sheriffs for such expenses.

(2) Unless otherwise provided, while in the discharge of his duties, both civil and criminal, the sheriff receives a mileage allowance as provided in 2-18-503. The sheriff shall also be reimbursed for actual and necessarily incurred expenses for transporting, lodging, and feeding persons ordered by the court as provided in 2-18-501 through 2-18-503. The county is not liable for and the board of county commissioners may not pay for any claim of the sheriff or other officer for any other expenses incurred in travel or for subsistence in cases where mileage is allowed under this section, the fees for mileage named in this section being in full for all such traveling expenses in both civil and criminal work.

Detention center defined, 7-32-2241.

7-32-2201. Establishing detention center — detention center contract — regional detention center. For the confinement of lawfully committed persons, the governing body of a county may participate in or undertake one or more of the following:

(1) A detention center may be built or provided and kept in good repair at the expense of the county in each county, except that whenever in the discretion of the governing body of two or more local governments it is necessary or desirable to build, provide, or utilize a multijurisdictional detention center, they may do so in any of the jurisdictions concerned. The multijurisdictional detention center shall be built or provided and kept in good repair at the expense of the local governments concerned on a basis as the governing bodies agree.

(2) A county or two or more local governments acting together may provide for the detention center allowed by subsection (1) by:

(a) establishing in the county government the position of detention center administrator and hiring a person, who is answerable to the governing body of the county, to fill the position or appointing the sheriff as detention center administrator; or

(b) entering into an agreement with a private party under which the private party will provide, maintain, or operate the detention center.

(3) The detention centers in this state are kept by the detention center administrators of the local governments in which they are situated. In the case of a multijurisdictional detention center as provided in subsection (1), the detention center shall be kept by the local governments utilizing the detention center on a basis as the governing bodies agree.

(4) The board of county commissioners has jurisdiction and power, under such limitations and restrictions as are prescribed by law, to cause a detention center to be erected, furnished, maintained, and operated. The costs must be paid for out of the county treasury.

7-32-2202. Use of detention center in contiguous county. (1) When there is no detention center in the county or when the detention center becomes unfit or unsafe for the confinement of inmates, the district judge may, by written appointment filed with the clerk, designate the detention center of a contiguous county for the confinement of the inmates of his county and may at any time modify or annul the appointment.

(2) A copy of the appointment, certified by the clerk, must be served on the detention center administrator of each county involved, who must receive into his detention center all inmates authorized to be confined therein pursuant to this section and who is responsible for the safekeeping of the persons so committed in the same manner and to the same extent as if he were the detention center administrator of the county for whose use his detention center is designated. With respect to the persons so committed, he is deemed the detention center administrator of the county from which they were removed.

(3) When a detention center is erected in the county for the use of which the designation was made or its detention center is rendered fit and safe for the confinement of inmates, the district judge of that county must, by a written revocation filed with the clerk, declare that the necessity for the designation has ceased and that it is revoked.

(4) The clerk must immediately serve a copy of the revocation upon the detention center administrator of each county involved. The detention center administrator in the designated county must thereupon remove the inmates to the detention center from which the removal was had.
